Re: Electric Service Territory Transfer – Delano Water, Light, and Power Commission and Wright-Hennepin Cooperative Electric Association  
MPUC Docket No: 14-824

Dear Delano Resident:

As you know, Wright-Hennepin Cooperative Electric Association has provided electric service to you. The Delano Water, Light and Power Commission and Wright-Hennepin have agreed to transfer the electric service in your area to Delano. Delano and Wright-Hennepin are in the process of formally changing the electric service maps on file with the Minnesota Public Utilities Commission (MPUC) to reflect this agreement. This letter provides information concerning that proceeding before the MPUC, as well as how the two utilities intend to work together in coordinating a smooth transition in your electric service.

In terms of your electric service, Delano will provide at least 30 days advance notice of a transfer of electric service. In this time period, Wright-Hennepin personnel will complete the plans they need regarding separating your area from their system and Delano Municipal Utility personnel will do finalize their plans for connecting your area to their system. We do not expect a disruption in your service other than a brief disruption in your electric service during the switch over. We will work with you to ensure a minimum inconvenience to you.

As to the MPUC proceeding, the MPUC is the state agency with jurisdiction over electric service territory boundaries. The MPUC requires that all customers located in an area involved in a change in the service territory maps be notified of a proceeding involving a change in the electric service territory maps. The MPUC will address this matter at a hearing this fall.

If you wish to address the MPUC concerning this change in maps, you may write to the Commission at 121 Seventh Place E., Suite 350, Saint Paul, Minnesota 55101, or call 651-296-7124. You should reference MPUC Docket No. 14-824. You may contact the MPUC Consumer Affairs Office at 651-296-0406 or [consumer.puc@state.mn.us](mailto:consumer.puc@state.mn.us) if you have questions at any time.

Delano values your business and wishes to provide the highest quality service. Please contact us at (763) 972-0557 if you have any questions.

Sincerely,  
Delano Water, Light, and Power Commission
