**Re: In the Matter of Commission Consideration and Determination of Compliance with
Renewable Energy Standards for Year 2023**

In the Matter of the Green Pricing Verification Filing Process

**PUC Docket Number(s): E-999/PR-24-12
E-999/PR-02-1240**

Dear Mr. Seuffert:

Minnesota Municipal Power Agency (MMPA) hereby submits its **Renewable Energy Certificate (REC) Retirement Report for Renewable Energy Standards and Green Pricing Programs** for compliance year 2023. This filing has been served on all persons on the attached official service lists by electronic or First-Class US mail service.

On Attachment B, note that the 'Actual RECs Retired' were based on a methodology shown on our **MMPA RES REC Retired Calculation Report**, whereas 'RECs Required to be Retired' is derived from CY2022 retail sales data submitted by MMPA's members. The latter was not available when the number of RECs to be retired was calculated in order to meet the retirement deadline.

Please contact me at (612) 252-6543 or trevor.smith@avantenergy.com, if you have any questions.

Sincerely,

/s/ Trevor J. Smith

STATEMENT REGARDING THE JUSTIFICATION FOR EXCISING TRADE SECRET INFORMATION

Pursuant to the Commission's September 1, 1999 Revised Procedures for Handling Trade Secret and Privileged Data in furtherance of the intent of Minn. Stat. § 13.37 and Minn. Rule 7829.0500, the Minnesota Municipal Power Agency has designated a portion of its **Renewable Energy Certificate (REC) Retirement and Biennial REO-RES Compliance Report for Renewable Energy Standards (RES) and Green Pricing Programs** as trade secret data.

The Minnesota Municipal Power Agency has removed certain information from the report to prevent disclosure in order to protect economic value of the information to the Minnesota Municipal Power Agency. The Minnesota Municipal Power Agency engages in the purchasing and selling of RECs in a competitive market. Accordingly, the Minnesota Municipal Power Agency considers certain aspects of those trades, such as pricing, as having economic value from not being generally known to or readily ascertainable by competitors, as well as potential suppliers and buyers, who might derive economic value from its disclosure. Therefore, the Minnesota Municipal Power Agency has excised this information from any applicable public document in the report.
