In the Matter of Interstate Power and Light Company for Approval of Transfer of Land Easements, Wind Rights, and Rights to Purchase Wind Turbines, to its Affiliate, Franklin County Wind, LLC

DOCKET NO. E001/PA-13-_____

Statement Providing Justification for Trade Secret Information

Interstate Power and Light Company (IPL) is providing a non-public version of its Wind Development Assets Purchase and Sale Agreement with Franklin County Wind, LLC (FCW), a related Board of Directors' presentation and a January 2011 market survey report, prepared by Garrad Hassan, in the above captioned docket.

The non-public version of the filing contains trade secret information, as defined by section 13.37 subd. 1(b), of the Minnesota Statutes in that the data is the subject of efforts by IPL that are reasonable under the circumstances to maintain its non-disclosure, and derives independent economic value, actual or potential from not being generally known to, and being readily ascertainable by proper means by, other person who can obtain economic value from its disclosure or use. IPL has marked the information pursuant to the Commission's Revised Procedures for handling Trade Secret and Privileged Data. Minn. Rule, pt. 7829.0500.

Specifically, IPL respectfully requests that certain terms and conditions of the agreement between IPL and FCW and the related Board of Directors' presentation be treated as trade secret information. Public release of this information would harm FCW by providing competitors with knowledge of FCW's costs. Those competitors could use this knowledge to improve their negotiating positions in future transactions, to the detriment of FCW. Because disclosure of the information would compromise FCW's ability to negotiate future contracts on terms and conditions most favorable to it, the harm of public disclosure outweighs the benefits of such disclosure.

Additionally, respectfully requests that that a January 2011 market survey report, prepared by Garrad Hassan at IPL's direction, be treated as trade secret information. Public release of this information would harm IPL by providing third parties with knowledge of IPL's estimates of market costs. Those third parties could use this knowledge to improve their negotiating positions in future transactions, to the detriment

of IPL and its customers. Because disclosure of the information would compromise IPL's ability to negotiate future contracts on terms and conditions most favorable to it, the harm of public disclosure outweighs the benefits of such disclosure.

Finally, in compliance with federal agencies' identity theft "Red Flag Rules", IPL has redacted certain routing and account information relating to its accounts with financial institutions.

Accordingly, IPL believes the marked information contained in IPL's filing meets the definition of trade secret under Minn. Stat. § 13.37.
