

# Request for Comments

## Minnesota Public Utilities Commission

### **Possible Amendment to Rules Relating to the Definition of “Capacity,” *Minnesota Rules*, 7835.0100, subp. 4; Revisor’s ID Number R-04926; PUC Docket No. E-999/R-25-86**

**Subject of Rules.** The Minnesota Public Utilities Commission requests comments on a possible rule amendment to the definition of “capacity.”

The Commission requests comments on whether to measure capacity based on a qualifying facility’s electric energy production, rather than its nameplate capacity. Under Minn. Stat. § 216B.164, subd. 3(d), a qualifying facility with less than 40-kilowatt (kW) capacity may elect to be compensated for its net input into a utility’s system at the average retail utility energy rate. The scope of this rulemaking proceeding is to consider amending the rule to clarify that a qualifying facility with a nameplate rating of 40 kW capacity or more may be compensated for up to 39 kW of net input into the utility’s system at the rate allowed under Minn. Stat. § 216B.164, subd. 3(d).

**Persons Affected.** The amendment to the rules would likely affect public utilities providing retail electric service, cogenerators, small power producers, municipal electric utilities, electric cooperatives, net metered customers, and persons wanting to interconnect with a public utility.

**Statutory Authority.** Minn. Stat. § 216A.05, subd.1 and § 216B.08, give the Commission general rulemaking authority. Minn. Stat. § 216B.164, subd. 6, authorizes the Commission to adopt rules governing cogeneration and small power production.

**Agency Contact Person.** Written comments, questions, and requests for more information on these possible rules should be directed to Kate Kahlert, Legal Unit Supervisor, Public Utilities Commission, 121 7th Place E, Suite 350, Saint Paul, MN 55101, telephone: 651-201-2239, fax 651-297-7073, and *email* kate.kahlert@state.mn.us. Persons with hearing loss or speech disabilities may call us through Minnesota Relay at 1-800-627-3529 or by dialing 711.

**Public Comment.** Interested persons or groups may submit comments or information on the possible rule amendment in writing until 4:30 p.m. on August 18, 2025. **Please refer to Docket No. E-999/R-25-86 in your comments.** You may also electronically file your comments using the Commission’s electronic filing system located at: <https://www.edockets.state.mn.us/EFiling>. The Commission will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments.

**Advisory Committee.** The Commission has not determined whether to appoint an advisory committee under Minn. Stat. §14.101 to comment on the possible rules. Persons interested in this

issue should address it in their comments. And persons interested in serving on an advisory committee should include a request to do so in their comments.

**Alternative Format.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

**NOTE:** Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the Administrative Law Judge if and when a proceeding to adopt rules is started. The agency is required to submit to the Judge only those written comments received in response to the rules after they are proposed. If you submit comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you should resubmit the comments after the rules are formally proposed.

**Working Draft.** The Commission’s current working draft of the possible amendment is set forth below. The draft can also be viewed on the Commission’s Public Rulemaking Docket, located at: <https://mn.gov/puc/activities/rulemaking/> or at <https://www.edockets.state.mn.us/documents>, enter the docket number (25-86) in the appropriate box, and click the “Search” button.

Acting Executive Secretary

## 7835.0100 DEFINITIONS

### Subp. 4. Capacity.

“Capacity” means the capability to produce, transmit, or deliver electric energy, and is measured by the number of megawatts alternating current at the point of common coupling between a qualifying facility and a utility's electric system. “Capacity,” as defined under Minn. Stat. § 216B.164, subd. 2a (c), for purposes of eligibility for net-metering in Minn. Stat. § 216B.164, subd. 3(d), is determined by, and measured at, the qualifying facility’s inverter or a power control system or supplemental device that controls production at the qualifying facility before the net-metered customer’s load.

**CERTIFICATE OF SERVICE**

I, Anne Redmond, hereby certify that I have this day, served a true and correct copy of the following document to all persons at the addresses indicated below or on the attached list by electronic filing, electronic mail, courier, interoffice mail or by depositing the same enveloped with postage paid in the United States mail at St. Paul, Minnesota.

**Minnesota Public Utilities Commission  
REQUEST FOR COMMENTS**
