

**NOTICE OF COMPLETE ROUTE PERMIT APPLICATION AND  
PUBLIC INFORMATION MEETINGS**

Issued: December 30, 2025

**In the Matter of the Application of Big Bend Wind, LLC and Great River Energy for a Route Permit for a 161-kV high voltage transmission line and associated facilities in Martin County**

**PUC Docket Number(s): IP7013/TL-25-389**

**PLEASE TAKE NOTICE** that the Minnesota Public Utilities Commission (Commission) will hold public information and scoping meetings on the application of Big Bend Wind, LLC and Great River Energy (GRE) (applicants) for a route permit for a 161 kV high voltage transmission line and associated facilities (Extension Project) in Martin County, Minnesota.

The applicants propose to construct a new 4.5-mile 161 kilovolt (kV) single-circuit transmission line and associated facilities, including new substations, to connect the Big Bend Wind Project to GRE's Lakefield Generating Substation, which is associated with GRE's Lakefield Junction Station, a natural-gas-fired generating plant in Martin County (map attached). The applicants request generally a route width of 200 to 635 feet, with up to 1,731 feet on GRE-owned property.

The applicants indicate that the project will require a right-of-way of 100 feet when the transmission line follows parcel lines and a 150-foot-wide easement when adjacent to road right-of-way. Structures utilized for the Project will be 70- to 120-foot-tall steel or laminate wood structures with spans of approximately 600 to 800 feet. Big Bend Wind has secured 100 percent of the easements for the Project right-of-way. The applicants anticipate construction to begin in July 2026 with an in-service date of March 2028.

The Commission accepted this application as complete on December 24, 2025, in accordance with Minnesota Statutes, chapter 216I. You may find information on the Project, including the application and the environmental assessment completed by the applicants, on the Commission's website: <https://puc.eip.mn.gov/web/project/25389>. You may find additional documents and information on eDockets: <https://www.edockets.state.mn.us/documents> (enter Docket #25-389 and search).

### In-Person Meetings

**Date:** January 13, 2026  
**Time:** 5:30 – 6:00 p.m. Open House  
6:00 p.m. Meeting  
The meeting ends when all attendees have commented or at 9:00 p.m., whichever comes first. Please arrive at the start time to ensure participation.  
**Location:** Windom Community Center  
1750 Cottonwood Lake Dr  
Windom, MN 56101

Doors will open 30 minutes prior to the meeting to provide attendees an opportunity to review the application, maps, and other materials for the proposed project and ask questions of state staff and the applicant. ***During this time, comments made by attendees will become a part of the record for Commission consideration only if the attendee submits the comment in writing.*** Forms will be available for this purpose.

**Note:** If there is inclement weather on January 13, 2026, and the Commission cancels the meeting, we have scheduled a backup meeting for January 20, 2026, at the same location (Windom Community Center) from 5:30pm – 9:00pm. This notice serves as the notice for both meetings. To find out if a meeting is canceled due to bad weather or other reason call 1-855-731-6208 or visit [mn.gov/puc](http://mn.gov/puc).

### Public Meeting Information

Commission staff will facilitate the meeting. The purpose of the meeting, as outlined in Chapter 216I, includes the following:

1. Provide information about the proposed project and the state’s permitting process, and present major issues. Commission staff will begin the meeting by presenting information on the permitting and environmental review process. Applicants will provide an overview of the proposed project and the potential human and environmental impacts and mitigation measures to minimize impacts that are presented in the EA included in the application.
2. Accept public comments on the need for and scope of an addendum to the environmental assessment (EA) included in the application. To help the Commission decide whether it needs to prepare an addendum to the EA, please consider providing information to help answer the following questions:
  - a. Are there potential human and environmental impacts or unique characteristics of the proposed project that are not addressed in the route permit application and EA (on pages 29-104) prepared by the applicant?
  - b. Are there any methods to mitigate potential impacts of the proposed project that require further evaluation?

- c. Are there any other alternative routes or route segments (besides the one considered by the applicant, see pages 27-28 of their application) that should be considered to mitigate potential impacts associated with the project?
3. Describe the sample site permit for high voltage transmission line projects, and explain how the applicants will be required to construct and operate the project in accordance with all conditions of the permit, if issued. The Commission can consider the addition of special conditions to a permit to address specific project concerns or impacted resources in the project area. The Commission will accept comments from the public on the need for and type of special conditions that may be appropriate to include in a permit. To help the Commission decide if it should consider special conditions, please consider providing information to help answer the following questions:
  - a. Are there potential human and environmental impacts of the project for which adequate measures, including mitigation, has not been proposed to reduce or offset those impacts?
  - b. If yes, describe special condition(s) the Commission might include in a permit to offset these impacts.
4. Respond to questions raised by the public. At this time, any verbal comments you make will become a part of the record. You may also submit written comments for the record.

If any reasonable accommodation is needed to enable you to fully participate in these meetings, please contact the Commission at 651-296-0406 or 1-800-657-3782 at least one week in advance of the meeting.
