

In the Matter of Xcel Energy's 2020-2034 Integrated Resource Plan

Docket No. E002/19-368

Tuma moves the replacement of Xcel's revised decision option

A.1.h with the following:

h. Find that it is likely there will be a need for the reduced carbon capacity, energy, and reliability provided by Monticello. Therefore, the Commission approves Xcel's plan to continue pursuing a 10 to 20-year extension of the plant's federal licensure and will determine whether the continued operation and additional storage is reasonable, prudent, and conforms with state statutes in Xcel's recently filed Certificate of Need Docket.
