

NOTICE OF COMMENT PERIOD

Issued: June 30, 2021

In the Matter of a Notice to Rural Digital Opportunity Fund Grant Winners

PUC Docket Number(s): P-999/CI-21-86

Comment Period: Initial comment period closes September 30, 2021 at 4:30pm
Reply comment period closes November 1, 2021 at 4:30pm

Comments received after the close of the comment period may or may not be considered by the Commission.

Issue: Determination of the Commission's ongoing jurisdiction to oversee Eligible Telecommunications Carriers (ETCs) compliance as set forth in sections 214(e)(2) and 254(f) of the Communications Act of 1934, as amended, the FCC's Universal Service rules, codified at 47 C.F.R. section 54, and the applicable FCC auction materials.

Topic(s) Open for Comment:

- Please address the Commission's present legal authority over ETCs with respect to designation and recertification, with citations.
- Within that legal authority, separately address the recommended exercise of authority by the Commission.
- Please address the roles of the Minnesota Department of Commerce (DOC), Minnesota Department of Employment and Economic Development (DEED), Minnesota Office of the Attorney General (OAG), and the Minnesota Department of Public Safety (DPS) and the legal basis for the roles described, with respect to ETC designation and regulation.
- In this docket, the DOC and OAG have recommended that the Commission adopt consumer protections that would apply to ETCs.¹ Please address: 1) whether any of these protections should be adopted, 2) how any such protections can be adopted outside of a rulemaking proceeding, 3) the scope of where these protections would apply (i.e. only in

those census blocks where the ETC is receiving RDOF support or all areas served within the state by that company), and 4) how consumers can be informed as to which providers are subject to these protections and where given that other local, state and federal funding for broadband deployment do not require a voice offering or ETC designation so such protections may not be in effect.

- Please also address: 1) why going beyond what the FCC requires when it designates ETCs should be ordered by the Commission, 2) whether adoption of these additional protections is a barrier to broadband deployment, and 3) the penalties that an ETC would face for non-compliance with any protections adopted by the Commission in this proceeding.
- Parties, and especially those providers that operate in multiple states, are requested to include in their comments any insight into other states' approaches to the ETC regulatory framework.
- Are there other issues or concerns related to this inquiry?

Background

On May 28, 2021, the Commission issued two orders approving ETC designation for multiple carriers in this docket, Docket No. P-999/CI-21-86 et. al. The first order was an Order Approving ETC Designation in Certain Census Blocks. In the second, the Commission issued an Order Approving ETC Designation in Certain Census Blocks and Requiring Additional Filings. As discussed in those orders, the Commission committed to issuing a notice for comments by July 1, 2021, regarding the state's present and recommended authority and role in overseeing ETCs. The Commission also noted that although newly designated ETCs will not be due for recertification this year, all ETCs and petitioners for ETC designation in Minnesota are invited to participate in this discussion, because any changes adopted could affect all ETCs going forward.

At the time of the Commission meeting, disagreement persisted among the parties regarding the scope of the Commission's authority to regulate ETCs, whether certain proposed obligations may be inconsistent with FCC decisions or may exceed the Commission's authority at the ETC designation stage, and whether certain proposed obligations are redundant, necessary, or advisable in this context. These inquiries would benefit from further input and more focused briefing from the parties.

To advance the discussion, the Commission issues this notice.
