

In the Matter of a Commission Investigation into Potential Rule Amendments related to Liquefied Carbon Dioxide

Docket No. U-999/CI-21-847

Commissioner Tuma Decision Options

Tuma Revised 1a.

Initiate a traditional rulemaking under Chapter 14 to amend the definition of “gas” in Minn. R. 7852.0100, subp. 16, to include carbon dioxide.

Tuma Revised 3b.

Authorize staff to request comments on an exemption for pipelines that are located in only one county and are constructed by an entity that is not a public service corporation under Minn. Stat. § 301B.01.

Tuma Additional 3g.

Authorize staff to request comments on potential deletion of the definition of liquified gas in Minn. R. 7852.0100, subp. 19.
