

Appendix A

Project Costs

APPENDIX A: PROJECT COSTS

Section 2.1 The Red Rock Solar Project

The Project would provide at least [NONPUBLIC DATA HAS BEEN EXCISED] of accredited capacity and up to [NONPUBLIC DATA HAS BEEN EXCISED] megawatt hours of primarily on-peak energy each year.

Section 5.3.1 Capacity Costs

Red Rock has estimated the cost for the project to be [NONPUBLIC DATA HAS BEEN EXCISED].

Section 5.3.5 Variable Operating and Maintenance Costs

Variable operating and maintenance costs will likely be approximately [NONPUBLIC DATA HAS BEEN EXCISED] over a 30-year period.

Section 5.3.6 Total Cost

Red Rock has estimated total capital costs to be approximately [NONPUBLIC DATA HAS BEEN EXCISED] per kWh.
