In the Matter of Minnesota Power's 2019 Integrated Distribution Plan  
**Docket No. E015/M-19-684**

Dear Mr. Seuffert:

On February 20, 2019, the Minnesota Public Utilities Commission ("Commission") issued an Order Adopted Integrated Distribution Plan Filing Requirements ("2019 Order") in Docket No. E015/CI-18-254. The 2019 Order required Minnesota Power ("Company") to hold at least one stakeholder meeting prior to the November 1 filing of the Company's Integrated Distribution Plan ("IDP") to obtain input from the public and incorporate feedback into the filing. On May 27, 2020, the Commission issued an Order Accepting Integrated Distribution Plan and Modifying Filing Requirements ("2020 Order") in the above-mentioned docket requiring Minnesota Power to continue to incorporate stakeholder suggested improvements in the 2021 IDP filed by November 1, 2021. Minnesota Power respectfully submits this letter informing the Commission and interested parties of an upcoming stakeholder meeting regarding the Company's 2021 IDP.

Minnesota Power will hold its virtual 2021 IDP stakeholder meeting on Tuesday, July 13, 2021. During the meeting the Company intends to address: an overview of Minnesota Power's distributions system; distributed energy resources forecasts; proposed 5-year distribution system investments; anticipated capabilities of system investments and customer benefits derived from proposed actions in the next 5-years; long-term distribution planning, and other high-level planning and system information.
