

August 1, 2022

Will Seuffert
Executive Secretary
Minnesota Public Utilities Commission
121 7th Place East, Suite 350
St. Paul, Minnesota 55101-2147

RE: **Comments of the Minnesota Department of Commerce, Division of Energy Resources**
Docket Nos. E999/CI-17-879, E015/M-21-390, E017/M-21-612, and E002/M-21-694

Dear Mr. Seuffert:

The Minnesota Department of Commerce, Division of Energy Resources (Department) attached comments in the following matters:

In the Matter a Commission Inquiry into Electric Vehicle Charging and Infrastructure
In the Matter of Minnesota Power's 2021 Integrated Distribution System Plan
In the Matter of Distribution System Planning for Otter Tail Power Company
In the Matter of Xcel Energy's 2021 Integrated Distribution System Plan

The Department recommends that the Minnesota Public Utilities Commission (Commission) **approve** the proposal to combine Minnesota Power, Otter Tail Power, and Xcel Energy's Transportation Electrification Plans with their Integrated Distribution Plans.

The Department is available to answer any questions the Commission may have.

Sincerely,

/s/ MATTHEW LANDI
Rates Analyst

/s/ CHRISTOPHER T DAVIS

Before the Minnesota Public Utilities Commission

Comments of the Minnesota Department of Commerce Division of Energy Resources

Docket Nos. E999/CI-17-879, E015/M-21-390,
E017/M-21-612, and E002/M-21-694

I. INTRODUCTION

On May 17, 2022, the Minnesota Public Utilities Commission (Commission) issued its *Order Accepting 2021 Transportation Electrification Plans and Adopting Additional Information Requirements* in Docket No. E999/CI-17-879 (May 17, 2022 Order).

Order Point No. 5 of the May 17, 2022 Order delegated authority to the Executive Secretary to consult with utilities and stakeholders on procedural efficiency and timing for future transportation electrification plans (TEPs).

Order Point No. 5 states the following:

The Commission delegates authority to its Executive Secretary to consult with utilities and stakeholders in the current proceeding on procedural efficiency and timing for future transportation electrification plans. A recommendation, anticipated by July 1, 2022, will be filed for a notice of comment with the goal of integrating transportation electrification plans into the November 1, 2023, integrated distribution plans and encouraging each investor-owned utility to file proposals for electric vehicle programs and investments as a portfolio.

In June 2022 over the course of several meetings, the Minnesota Department of Commerce, Division of Energy Resources (Department) met with Commission Staff and representatives from utilities and stakeholders to discuss incorporating existing TEPs into existing IDP requirements for each of Minnesota's investor-owned utilities.

On July 1, 2022, the Commission a Notice of Comment period (Notice) soliciting stakeholder feedback on whether the Commission should combine Minnesota Power, Otter Tail Power, and Xcel Energy's TEPs with their IDPs.

The Notice included seven attachments, summarized in Table 1 below.

Table 1. Notice Attachment List

Attachment	Description	Docket Number(s)
Attachment A	Minnesota Power IDP-TEP Requirements	E015/M-21-390
Attachment B	Otter Tail Power IDP-TEP Requirements	E017/M-21-612
Attachment C	Xcel Energy IDP-TEP Requirements	E002/M-21-694
Attachment D	Existing TEP Requirements	E999/CI-17-879
Attachment E	Annual EV Report for Minnesota Power	E015/M-15-120, 19-337, 20-638, and 21-257
Attachment F	Annual EV Report for Otter Tail Power	E017/M-15-112 and 20-181
Attachment G	Annual EV Report for Xcel Energy	E002/M-15-111, 18-643, 19-186, 19-559, 20-711, 20-745, and 21-101

The Notice lists the following topics open for comment:

1. Should the Commission combine Minnesota Power, Otter Tail Power, and Xcel Energy's Transportation Electrification Plans (TEPs) with their Integrated Distribution Plans (IDPs)?
2. Are the staff-amended IDP filing requirements for Minnesota Power (Attachment A), Otter Tail Power (Attachment B), and Xcel Energy (Attachment C) accurate with the Commission's Order in the TEP and IDP dockets?
 - If proposing changes to the TEP/IDP filing requirements, please provide red-line text of any proposed modifications to the filing requirements with citation and rationale.
 - Please note, IDP requirements that do not relate to transportation electrification are not open for comment for potential modifications at this time.

3. Should the Commission discontinue the requirement to file Transportation Electrification Plans biennially on June 1 in Docket 17-879, and instead require utilities to file based on amended IDP filing requirements incorporating TEP topics starting with the November 1, 2023 IDPs?
4. Are there other issues or concerns relate to this matter?

The Notice explained that the purpose of the initial merge of the TEPs and IDPs is to migrate the filing requirements from the various TEP orders into the current IDP filing requirements. Any changes to language from the TEP reporting requirements are meant to clarify and align language with what utilities are already reporting, or to remove duplicate information that is provided annually in programmatic reporting.

Further, the Notice explained that utilities will continue to report program specific information in annual reports filed on June 1 of each year.

II. DEPARTMENT ANALYSIS

A. TOPIC #1

The first Notice topic asks whether the Commission should combine Minnesota Power, Otter Tail Power, and Xcel Energy's TEPs with their IDPs.

The Department assisted in the review, stakeholder and utility discussions, and drafting of the combined TEP and IDP filing requirements proposals issued by Commission Staff and represented in Attachments A – C for each investor-owned utility in Minnesota.

Generally, the Department seeks to improve administrative efficiency of utility regulatory proceedings to the extent that such efficiencies result in better outcomes for ratepayers and the public interest, while at the same time maintaining or strengthening the Commission's oversight and regulation of Minnesota's investor-owned utilities.

Combining utility TEPs with IDPs is likely to improve the administrative efficiency of each regulatory proceeding, as transportation electrification and related utility distribution system planning functions are substantially linked to one another, and over time, they are likely to become inextricably linked. Discussing and analyzing each planning process in one proceeding is likely to result in administrative efficiencies for the Department and other parties: when there are one or more planning processes that are substantially similar, often different analysts must be assigned due to competing regulatory priorities. If TEPs and IDPs were combined, time savings may accrue to analysts and result in a better allocation of limited resources. Further, when some proceedings involve analysis of substantially

similar issues and similar or identical sets of data, having two or more different analysts conduct analysis on those similar issues and/or data may create inconsistencies or lead to inefficiencies.

Last, the stakeholder participation and public salience of the issues being discussed in both TEPs and IDPs are likely to be improved if they were combined into one process. The complexity of regulatory proceedings can itself be a barrier for invaluable stakeholder involvement, especially for nascent regulatory proceedings like TEPs and IDPs that are emerging from their infancy. Some stakeholders may not understand which issues or data should be analyzed in each proceeding or when they should analyze such issues, given that many issues in both TEPs and IDPs are substantially similar. Combining the TEPs and IDPs should increase transparency, reduce a barrier to stakeholder participation and increase the public salience of the issues discussed in both proceedings.

The Department recommends that the Commission combine Minnesota Power, Otter Tail Power, and Xcel Energy's Transportation Electrification Plans with their Integrated Distribution Plans.

B. TOPIC #2

The second Notice topic asks whether the Staff-amended IDP filing requirements for Minnesota Power (Attachment A), Otter Tail Power (Attachment B), and Xcel Energy (Attachment C) are accurate with the Commission's Orders in the TEP and IDP dockets.

The Department appreciates the systematic and meticulous work that Commission Staff put into combining TEP filing requirements with utility IDP filing requirements.

The Department reviewed each of the Commission Orders related to each utility's TEPs and IDPs, and concludes that the Staff-amended IDP filing requirements found in Attachments A through C are accurate.

C. TOPIC #3

The third Notice topic asks whether the Commission should discontinue the requirement to file TEPs biennially on June 1 in Docket No. E999/CI-17-879, and instead require utilities to file based on Staff-amended IDP filing requirements that incorporate TEP topics starting with the November 1, 2023 IDPs.

The Department supports requiring utilities to file TEP-relevant data and topics in utility IDPs on a biennial basis starting November 1, 2023, which would obviate the need for utilities to file their TEPs on June 1 on a biennial basis.

The Department recommends that the Commission discontinue the requirement for each investor-owned utility to file a Transportation Electrification Plan biennially on June 1 in Docket No. E999/CI-17-879.

The Department recommends that the Commission require each investor-owned utility to file information and data related to Transportation Electrification Plans, consistent with the Staff-amended Integrated Distribution Plan filing requirements, in each utility's next Integrated Distribution Plan beginning November 1, 2023 and biennially thereafter.

D. TOPIC #4

The fourth Notice topic asks whether there are other issues or concerns related to this matter.

The Department notes that Xcel's proposed IDP Filing Requirement 3.F regarding Transportation Electrification Plans has two additional requirements related to historic and future spending of Xcel's transportation electrification initiatives,¹ compared to Minnesota Power² and Otter Tail Power.³ Xcel has 11 filing requirements under IDP Filing Requirement 3.F compared to only nine for Minnesota Power and Otter Tail Power.

The Department recreates the two additional requirements for Xcel below:

10. Xcel shall provide historical spending for the past 5-years on all transportation electrification initiatives, broken down across the sections of its budget

<u>Budget Category (ex, distribution, IT, transmission, etc.)</u>	<u>Capital</u>	<u>O&M</u>	<u>Marketing and Communications</u>	<u>Other (provide explanation of what is in "other")</u>

11.

¹ Notice Attachment C, at 11.

² Notice Attachment A, at 10.

³ Notice Attachment B, at 10. The Department notes that Otter Tail Power's IDP Filing Requirements, provided in Attachment B to the Commission's Notice, inadvertently numbered the "Non-Wires (Non-Traditional) Alternatives Analysis" section as Section F, and the new "Transportation Electrification Plan" section as Section E.

12. Xcel shall provide future spending for the next 5-years on all transportation electrification initiatives, broken down across the sections of its budget

<u>Budget Category (ex, distribution, IT, transmission, etc.)</u>	<u>Capital</u>	<u>O&M</u>	<u>Marketing and Communications</u>	<u>Other (provide explanation of what is in "other")</u>

These requirements should also apply to Minnesota Power and Otter Tail Power. Requiring Minnesota Power and Otter Tail Power to provide this information would assist the Department and stakeholders better understand utility spending on transportation electrification initiatives. Requiring this information would also provide symmetry between each utility's IDP Filing Requirements for the Transportation Electrification Plan section, which is consistent with the Department's position that IDP Filing Requirements should be similar between utilities to the extent practicable.

The Department recommends that the Commission also include subparts 10 and 11 of Xcel's IDP Filing Requirement 3.F in Minnesota Power's and Otter Tail Power's IDP Filing Requirement 3.F.

The Department has no other issues or concerns related to this matter at this time.

III. DEPARTMENT RECOMMENDATIONS

The Department appreciates the opportunity to comment on this Notice. Below are the Department's initial recommendations:

- **The Department recommends that the Commission combine Minnesota Power, Otter Tail Power, and Xcel Energy's Transportation Electrification Plans with their Integrated Distribution Plans.**
- **The Department recommends that the Commission discontinue the requirement for each investor-owned utility to file a Transportation Electrification Plan biennially on June 1 in Docket No. E999/CI-17-879.**

- **The Department recommends that the Commission require each investor-owned utility to file information and data related to Transportation Electrification Plans, consistent with the Staff-amended Integrated Distribution Plan filing requirements, in each utility's next Integrated Distribution Plan beginning November 1, 2023 and biennially thereafter.**
- **The Department recommends that the Commission also include subparts 10 and 11 of Xcel's IDP Filing Requirement 3.F in Minnesota Power's and Otter Tail Power's IDP Filing Requirement 3.F.**

CERTIFICATE OF SERVICE

I, Sharon Ferguson, hereby certify that I have this day, served copies of the following document on the attached list of persons by electronic filing, certified mail, e-mail, or by depositing a true and correct copy thereof properly enveloped with postage paid in the United States Mail at St. Paul, Minnesota.
