Regarding the matter of 507 running out of numbers (docket #22-461 document ID 20228-188523-01)

I simpler solution to overlaying 507 (and more residential customer friendly) would be to redirect all of Mayo Clinics numbers to a new area code. This would include all the Mayo branches and clinics regardless if they are currently in 507 or not. It would free up thousands upon thousands of 507 numbers. And sync up Mayo's system.
