

September 28, 2022

Will Seuffert
Executive Secretary
Minnesota Public Utilities Commission
121 7th Place East, Suite 350
Saint Paul, Minnesota 55101-2147

RE: **Reply Comments of the Minnesota Commerce Department, Division of Energy Resources**
Docket Nos. E999/CI-16-521, E999/CI-01-1023

Dear Mr. Seuffert:

On August 29, 2022, the Minnesota Public Utilities Commission (Commission) issued a *Notice of Supplemental Comment Period* seeking comment on whether the Commission should revise or replace Attachment 6 of the September 28, 2004 Order in Docket No. E999/CI-01-1023 which creates guidelines for establishing terms of the financial relationship between an electric utility and a distributed generation customer with no more than 10 MW of capacity.¹

The Department is available to answer any questions the Minnesota Public Utilities Commission may have related to this matter.

Sincerely,

/s/ CHRIS WATKINS
Public Utilities Rates Analyst

CW/ar
Attachment

¹ *In the Matter of Establishing Generic Standards for Utility Tariffs for Interconnection and Operation of Distributed Generation Facilities under Minnesota Laws 2001, Chapter 212, ORDER ESTABLISHING STANDARDS*, Docket No. E999/CI-01-1023, September 28, 2004. Accessed at <https://www.edockets.state.mn.us/edockets/searchDocuments.do?method=showPoup&documentId={EB5DCE72-415A-4767-965F-35BA37EC59EA}&documentTitle=59785>

Before the Minnesota Public Utilities Commission

Reply Comments of the Minnesota Commerce Department Division of Energy Resources

Docket Nos. E999/CI-16-521, E999/CI-01-1023

I. INTRODUCTION

On September 28, 2004, the Minnesota Public Utilities Commission (Commission) issued an *Order Establishing Standards* in Docket No. E999/CI-01-1023. The September 2004 Order established the interconnection process, technical requirements, standard Interconnection Agreement, and methodology for calculating rates for Distributed Generation (DG) Systems.

In 2016, the Commission commenced the current proceeding to update the generic standards for the interconnection and operation of DG facilities established under §Minn. Stat. §216B.1611. To date, the Commission has issued an *Order Establishing Updated Interconnection Process and Standard Interconnection Agreement* (August 13, 2018), and an *Order Establishing Updated Interconnection and Interoperability Requirements* (January 22, 2020).

On August 28, 2020, the Commission issued a *Notice of Comment Period* seeking comment on whether the Commission should revise or replace Attachment 6 of the September 28, 2004 Order in Docket No. E999/CI-01-1023 (2004 Order) which creates the guidelines for establishing the terms of the financial relationship between an electric utility and a distributed generation customer with no more than 10 MW of capacity.

On October 28, 2020, the Minnesota Department of Commerce, Division of Energy Resources (Department) submitted comments recommending the Commission defer consideration of Attachment 6 revisions for at least six months.

On November 13, 2020, the Commission issued a Notice of Comment extending the comment period of the revision of Attachment 6 until April 30, 2021.

On May 20, 2021, the Department filed Reply Comments summarizing the positions of parties filing comments in the docket to date and recommending that the Commission undertake review of Attachment 6 in the following discrete steps:²

² Department Reply Comments, at 4. Docket No. E999/CI-16-521. May 20, 2021. Accessed at: <https://www.edockets.state.mn.us/edockets/searchDocuments.do?method=showPoup&documentId={40E48A79-0000-C318-89CA-03E63F496446}&documentTitle=20215-174353-02>

1. The Commission should more fully identify and evaluate areas where federal rules and statutes conflict with existing Attachment 6 requirements and undertake additional comments from stakeholders towards this end.
2. The Commission should then consider additional updates to Attachment 6 beyond those required to align with federal and state law, recognizing that this step may require significantly more time and record development.

Lastly, the Department recommended that the Commission explore the possible use of MISO market pricing for capacity needs to inform distributed generation pricing, as well as consider procedures for increasing transparency for DG-related pricing processes.

II. SUMMARY OF PARTY POSITIONS

On May 20, 2021 multiple parties filed reply comments coincidentally with the Department addressing the proposed revision process for Attachment 6, the Department briefly summarizes their positions here below.

A. XCEL ENERGY

Xcel provided a response to the initial comments in the instant docket from the Department of Commerce, MnSEIA/Joint Movants, and the Midwest Cogeneration Association/Heat Is Power Association. The Company addressed topics including customers' access to rate information, exclusion of merchant plants from the Commission's Order, legal issues regarding the applicability of statute and prior cases, and provided input on various specific questions regarding the guidance provided by Attachment 6.

Xcel voiced general agreement with the Department's suggestion that any approach to the modification of Attachment 6 should be transparent, understandable, and practical to administer through utility tariffs in consideration of other DG customers not contracted with the Company under the auspices of Attachment 6. The Company cautioned against the characterization of the Value of Solar (VOS) methodology as an avoided cost methodology that could inform the future revision of Attachment 6, noting that the inclusion of environmental benefits as an avoided cost in the VOS places the rate outside of PURPA and thus cannot be considered an "avoided cost" rate.³

Xcel responded to the following topics raised by MnSEIA/Joint Movants in their October 30 initial comments: 1) the transparency of rate information; 2) the pending appeal to obtain avoided cost information in annual PURPA filings to determine the avoided costs of utilities; 3) statutory implications of Minn. Stat. §216B.164 and Minn. Stat. §216B.1611 in relation to PURPA; 4) the Joint Movant's suggestion that Attachment 6 should be made applicable to merchant plants and not limit its

³ *Qualifying Facility Rates and Requirements Implementation Issues Under the Public Utility Regulatory Policies Act of 1978*, Order No. 872, 85 FR 54638 (Sep. 2, 2020), 172 FERC ¶ 61,041 (2020).

application to onsite generation; and 5) the impacts of the Commission's Red Lake Falls decision in Docket Nos. 16-1021 and 17-464.

B. DAKOTA ELECTRIC ASSOCIATION

Dakota Electric Association did not find that the comments filed on April 30, 2021 by the Otter Tail and Minnesota Power Companies raised new issues requiring a response from the Cooperative, and did not provide additional comments but referred the Commission to its October 30, 2020 comments for its position on the matter.

C. MnSEIA/Joint Movants

MnSEIA and the Joint Movants provided responses to initial comments from the Midwest Cogeneration Association/Heat is Power Association, the Department of Commerce, Minnesota Rural Electric Association (MREA), Otter Tail Power Company, and Xcel Energy and Minnesota Power.

The Joint Movants stated that the Minnesota DG Tariff is a standalone program authorized by Minnesota law and thus is not governed or preempted by PURPA or related FERC regulations and that Minnesota's PURPA implementation via Minn. Stat. §216B.164 does not control Attachment 6 or DG Tariffs enacted under the auspices of Minn. Stat. §216B.1611. The Joint Movants suggested that the Commission provide clarification that it does not intend to limit DG Tariff implementation in Minnesota by the requirements of PURPA and argued for beginning the reformation of the DG tariff process using variables from the VOS to inform the calculation methodology of Attachment 6.

III. DEPARTMENT COMMENTS

A. NO NEW SUBSTANTIVE COMMENT OR ANALYSIS FROM DEPARTMENT

The Department reiterates its position expressed in its May 20, 2021 reply comments recommending that the Commission undertake a discrete and measured approach to undertaking a review of Attachment 6. Currently the Department does not have any additional comment or analysis to provide in the record, noting that the main point of controversy between stakeholders resides in the interpretation of the application of Minnesota Statutes §216B.1611 and §216B.164 considering recent FERC revisions to rules governing PURPA. The Department thus again recommends that the first step undertaken by the Commission should be to narrow the scope of inquiry to the legal questions regarding potential conflicts between these various state and federal statutes and rules to ensure the sequential review of the final calculation methodology and rate design are appropriately sited within a shared understanding of the policy implications resulting from any changes to the pricing mechanism to be employed.

B. TIMING OF FURTHER PROCEEDINGS

The Commission may want to consider strategically timing its proceeding so that important information available starting in 2023 can inform parties' work. As utilities continue to deploy Advanced Metering Infrastructure (AMI) meters throughout their service territories and IEEE 1547-2018 compliant advanced inverters become commercially available throughout 2023 parties will have access to more granular data that can aid in the determination of avoided distribution system costs, and important lessons learned and ongoing data analysis of the impacts of time-of-use rates currently being piloted will also be available to enable a more accurate assessment of the time-sensitive impacts of DG on distribution system peak capacity and real-time energy market pricing. The increased visibility and transparency afforded by these developments can then be harnessed to begin to contemplate required changes to Attachment 6, should the Commission find that further modifications are necessary after stakeholders and the Commission reach a consensus on the alignment of Attachment 6 with applicable state statutes and federal law.

The Department appreciates the Commission's attention to these issues and is available to answer any questions the Commission may have at this time.

CERTIFICATE OF SERVICE

I, Sharon Ferguson, hereby certify that I have this day, served copies of the following document on the attached list of persons by electronic filing, certified mail, e-mail, or by depositing a true and correct copy thereof properly enveloped with postage paid in the United States Mail at St. Paul, Minnesota.

**Minnesota Department of Commerce
Supplemental Comments**

Docket No. E999/CI-16-521 and E999/CI-01-1023
