Comments of the Minnesota Department of Commerce Division of Energy Resources

Docket No. E-999/CI-23-151

I. INTRODUCTION

The Minnesota Department of Commerce, Division of Energy Resources (Department), submits in response to the Public Utilities Commission's December 20, 2023, Notice of Comment Period (Notice).¹ These Comments address what clarifications, if any, must be made regarding regulated electric utilities subject to reporting under Minn. Stat. § 216B.1691 as amended by the Minnesota Session Laws, 2023, Regular Session Chapter 7 (H.F. No. 7). H.F. No. 7 became effective on February 7, 2023. Sections 1 through 16 of H.F. 7 amend Minn. Stat. § 216B.1691 by doing the following:

- Changing the definition of “electric utility”;
- Adding a 55% eligible energy technology general goal for 2035 for the RES (Renewable Energy Standard);
- Removing separate RES goals for utilities that own nuclear generating facilities;
- Adding a carbon-free standard (CFS), relevant definitions; and
- Clarifying the Commission's authority to modify or delay a utility's obligation under the RES, SES (Solar Energy Standard), or CFS.

A. NOTICE TOPICS OPEN FOR COMMENT

- I. Whether and how municipal power agencies are subject to reporting under Section 216B.1691 as an “Electric Utility.”
 - a. Should the Commission require each municipal power agency to identify which of its members' electric sales are reported by another entity, which entity is reporting for each member, and the percentage of the member's sales reported by that entity.
 - b. Should the Commission require each municipal power agency to identify any member's retail power sales that are not reported for purposes of Minn. Stat. § 216B.1691?
 - c. Should the Commission require each municipal power agency to make a compliance filing identifying a point of contact (name, address, contact information) for purposes of enforcing compliance with Minn. Stat. § 216B.1691?
 - d. Are there other matters associated with municipal power agencies that should be reported to the Commission in connection with Minn. Stat. § 216B.1691?

¹ Notice of Comment Period, Docket E-999/CI-23-151 (December 20, 2023) (eDocket No. [202312-201370-01](#)).

2. Should the Commission require that any entity that intends to report on behalf of one or more electric utilities newly subject to Section 216B.1691, displayed in Table 1 below, identify:
 - a. The electric utilities they intend to report on behalf of; and
 - b. The portion of each electric utilities' total retail electric sales covered by the report? (Ex. If a public utility supplies a distribution utility with 100% of the energy they consume in a year, the public utility would name the distribution utility they are reporting for, and state that 100% of the distribution utility's energy sales will be covered by its report.)
3. Please identify any distribution cooperatives that serve fewer than 50 Minnesota customers (such as those located near the state's border), that have not been included in the list of Electric Utilities displayed in Table 1 below who are included in the definition of "electric utility" in Section 216B.1691. Does the Commission have any authority to modify these utilities' obligation to comply with Section 216B.1691? If so, how should the obligations be modified?
4. Are there any other issues helpful to the Commission's implementation of Minn. Stat. § 216B.1691?

II. DEPARTMENT'S RESPONSE TO NOTICE TOPICS - THE DEPARTMENT RESPONDS TO THE QUESTIONS INCLUDED IN THE COMMISSION'S NOTICES IN THIS SECTION.

1. *Whether and how municipal power agencies are subject to reporting under Section 216B.1691 as an "Electric Utility."*

i. The municipal power agency should report the name of the entity when known.

The statute defines electric utilities as follows:

"Electric utility" means: (1) a public utility providing electric service; (2) a generation and transmission cooperative electric association; (3) a municipal power agency; (4) a power district; or (5) a cooperative electric association or municipal utility providing electric service that is not a member of an entity in clauses (2) to (4)."²

Under this definition a municipal power agency is a covered entity and should report annually its "total electric sales" which are defined as: "the kilowatt-hours of electricity sold in a year by an electric utility to retail customers of the electric utility or to a distribution utility for distribution to the retail customers of

² Minn. Stat. § 216B.1691, Subd. 1 (d).

the distribution utility.” Minn. Stat. § 216B.1691, subd. 1(f). In implementing the standard, the statute states that:

“The Commission shall issue necessary orders detailing the criteria and standards used to: (1) measure an electric utility's efforts to meet the standards under subdivisions 2a, 2f, and 2g; and (2) determine whether the utility is achieving the standards.” Minn. Stat. § 216B.1691, subd. 2d (a).

The Department recommends that the Commission require municipal power agencies to report the percentage and volume of sales reported by another entity. This information will both provide insight into how the electric utility is advancing their efforts to meet the standard and determine if the utility is achieving the standards. The Department acknowledges that, in some cases, the other entity reporting the sales may not be known by the municipal power agency. In these instances, the administrative burden placed on the municipal power agency to determine and report the details associated with the other entity may be excessive. Given this constraint, the Department recommends the municipal power agency report the name of the other entity only when it is known to the municipal power agency.

ii. Each municipal power agency should identify all member power sales when the value is known.

The Department recommends that each municipal power agency should identify all member power sales when the value is known. If this value is not known, we believe that the administrative burden placed on the municipal power agency to determine member's power sales may be excessive.

iii. Each municipal power agency should make a compliance filing identifying a point of contact.

The Department supports requiring each municipal power agency to make a compliance filing identifying a point of contact (name, address, contact information) for purposes of enforcing compliance with Minn. Stat. § 216B.1691.

iv. Are there other matters associated with municipal power agencies that should be reported to the Commission in connection with Minn. Stat. § 216B.1691?

The Department has not identified any other matters to discuss at this time.

II. REPORTING ENTITIES SHOULD REPORT TOTAL RETAIL ELECTRIC SALES, THE UTILITIES REPORTED ON BEHALF OF, AND THE PORTION REPORTED THEREOF. ?

As discussed above, the Department recommends that the entities that intend to report on behalf of one or more of the electric utilities displayed in Table 1 of the Commission Notice³ should be required to report the electric utilities that they report on behalf of, and the portion of each electric utilities' total retail electric sales covered by the report. This information will provide insight into how the electric utility is advancing their efforts to meet the standard and determine if the utility is achieving the standards.

2. *Please identify any distribution cooperatives that serve fewer than 50 Minnesota customers (such as those located near the state's border), that have not been included in the list of Electric Utilities displayed in Table 1 below who are included in the definition of "electric utility" in Section 216B.1691. Does the Commission have any authority to modify these utilities' obligation to comply with Section 216B.1691? If so, how should the obligations be modified?*

The Department has not identified any additional distribution cooperatives that have not been identified in Table 1. To the extent the Commission finds it does have authority to modify these utilities' obligation to comply with section 216B.1691, the Department recommends that the Commission require these distribution utilities to report the kilowatt-hours of electricity sold in a year by the distribution utility to retail customers.

3. *Are there any other issues helpful to the Commission's implementation of Minn. Stat. § 216B.1691?*

The Department does not have any further input on this topic.

III. CONCLUSION

The Department appreciates this opportunity to comment on these questions related to the implementation of Minn. Stat. § 216B.1691.
