RE: REAFFIRMATION OF AFFILIATE INTEREST ARRANGEMENT ACCOUNTING TREATMENT
NATURAL GAS INNOVATION ACT PLAN
DOCKET NO. G002/M-25-___

Dear Mr. Seuffert:

Northern States Power Company, doing business as Xcel Energy (Company), submits this Petition to the Minnesota Public Utilities Commission in compliance with Order Point No. 8.A of the Natural Gas Innovation Plan (NGIA) Order issued May 16, 2025, in Docket Nos. G-002/M-23-518 & G999/CI-21-566 (NGIA Order).

NGIA Order Point 8.A states: *Xcel must file an affiliate interest arrangement in a new docket.*

The Company notes that the accounting treatment for which the Company is seeking reaffirmation was established and is described further in Docket Nos. E-002/M-93-1253 and E-002/M-19-663.

Attached to this cover letter, we provide the required information as specified in Minn. R. 7829.1300 and Minn. R. 7829.0700, including to whom information requests should be directed.

We have electronically filed this document with the Minnesota Public Utilities Commission, and copies have been served on the parties on the attached service list. Please contact Taige Tople at 612-216-7953 or taige.d.tople@xcelenergy.com or contact me at Holly.R.Hinman@Xcelenergy.com if you have any questions regarding this filing.

Sincerely,

/s/

Holly Hinman
Director, Regulatory and Strategic Analysis

Enclosure
cc: Service Lists

REQUIRED INFORMATION

I. SUMMARY OF FILING

A one-paragraph summary is attached to this filing pursuant to Minn. R. 7829.1300, subp. 1.

II. SERVICE ON OTHER PARTIES

Pursuant to Minn. Stat. § 216.17, subd. 3, we have electronically filed this document with the Commission. Pursuant to Minn. R. 7829.1300, subp. 2, the Company has served a copy of this filing on the Department of Commerce and the Office of the Attorney General. A summary of the filing has been served on all parties on the enclosed service list.

III. GENERAL FILING INFORMATION

Pursuant to Minn. R. 7829.1300, subp. 3, the Company provides the following information.

A. Name, Address, and Telephone Number of Utility

Northern States Power Company doing business as:
Xcel Energy
414 Nicollet Mall
Minneapolis, MN 55401
(612) 330-5500

B. Name, Address, and Telephone Number of Utility Attorney

Lauren Steinhaeuser
Assistant General Counsel
Xcel Energy
414 Nicollet Mall, 401 – 8th Floor
Minneapolis, MN 55401
lauren.steinhaeuser@xcelenergy.com

C. Date of Filing

The date of this filing is June 16, 2025.

REQUIRED INFORMATION

D. Statute Controlling Schedule for Processing the Filing

Commission Rules define this filing as a "miscellaneous filing" under Minn. R. 7829.0100, subp. 11 since no determination of Xcel Energy's overall revenue requirement is necessary. Minn. R. 7829.1400, subp. 1 and 4 permit comments in response to a miscellaneous filing to be filed within 30 days and reply comments to be filed no later than 10 days thereafter.

E. Utility Employee Responsible for Filing

Holly Hinman
Director, Regulatory and Strategic Analysis
Xcel Energy
414 Nicollet Mall, 401 – 7th Floor
Minneapolis, MN 55401
612-330-5941

IV. MISCELLANEOUS INFORMATION

Pursuant to Minn. R. 7829.0700, the Company requests that the following persons be placed on the Commission's official service list for this proceeding:

Lauren Steinhaeuser
Assistant General Counsel
Xcel Energy
414 Nicollet Mall, 401 – 8th Floor
Minneapolis, MN 55401
lauren.steinhaeuser@xcelenergy.com

Christine Schwartz
Regulatory Administrator
Xcel Energy
414 Nicollet Mall, 401 – 7th Floor
Minneapolis, MN 55401
regulatory.records@xcelenergy.com

Any information requests in this proceeding should be submitted to Ms. Schwartz at the Regulatory Records email address above.

IN THE MATTER OF A PETITION REQUESTING REAFFIRMATION OF AFFILIATE INTEREST ARRANGEMENT ACCOUNTING TREATMENT	DOCKET NO. G002/M-25-___ **PETITION**

INTRODUCTION

Northern States Power Company, doing business as Xcel Energy (Company), submits this Petition to the Minnesota Public Utilities Commission in compliance with Order Point No. 8.A of the Natural Gas Innovation Plan (NGIA) Order issued May 16, 2025, in Docket Nos. G-002/M-23-518 & G999/CI-21-566 (NGIA Order).

NGIA Order Point 8.A states: *Xcel must file an affiliate interest arrangement in a new docket.*

In compliance with this Order Point, the Company sets forth below the accounting treatment of its current affiliate interest arrangement and details how the proposed accounting treatment of the Company's NGIA Sherco hydrogen pilot is consistent with this arrangement which has been in place for over 30 years.

As noted by the NGIA Order:

> The relationships between Xcel's regulated operations and its affiliate operations, and between the affiliate and the industrial customer, predate the emergence of the proposed electrolyzer pilot, so the costs, benefits, and risks of those existing arrangements cannot be attributed to the pilot. Accordingly, the Commission will decline to alter the allocation of the revenues paid by the industrial customer. Likewise, ***the Commission finds that the increased operating cost arising from procuring hydrogen in lieu of natural gas is appropriately understood as a cost of reducing GHG emissions rather than a cost of generating steam; thus the Commission will not bar Xcel from seeking to recover these costs in the same manner as other NGIA***

costs.[1]

As a result, the Company does not propose any modification to the existing affiliate interest arrangement and requests reaffirmation of it.

I. BACKGROUND

A. Steam Agreement with Liberty Paper, Inc. (LPI)

LPI's facility was constructed in 1993 near the Company's Sherburne County Generating Plant (Sherco). The location was selected due to its proximity to the Sherco plant and to stimulate economic development in the Sherburne County area. LPI's facility uses excess steam from Sherco for thermal energy for its process of recycling cardboard and miscellaneous waste paper. The recycled materials are primarily converted into linerboard paper used for the construction of cardboard boxes. Today LPI is one of the largest recyclers of corrugated material in the Midwest.[2]

The original steam agreement between LPI and the Company (Original Steam Agreement) was signed in 1993 and approved by the Commission in 1995. The Commission approved an updated steam agreement between the Company and LPI in 2020 (Current Steam Agreement). Under the terms of the Current Steam Agreement (as under the Original), steam is provided through a dedicated Steam Supply System that connects the Company's Sherco facility to LPI's facility. The Company is responsible for owning, operating, and maintaining the Steam Supply System in order to continue steam service. The Company is also responsible for providing all necessary labor and equipment required to operate the Steam Supply System at the Company's cost. LPI is required to purchase electric services from the Company for the purposes of operating their recycling facility for the entire term of the Agreement. The Current Agreement expires in 2035.

B. Prior Approvals of Accounting & Rate Treatment

In conjunction with both Steam Agreements, the Company requested and received

[1] NGIA Order at 9 (emphasis added). Accordingly, the Company understand that the recommendation made by some stakeholders during the comment process in Docket Nos. G002/M-23-518 & G999/CI-21-566 to have the industrial customer pay for the costs of this pilot has been resolved and does not address it further in this filing.

[2] https://www.libertypackaginginc.com/certifications/100-recycled-mill/ accessed on April 17, 2025.

approval from the Commission[3] to provide steam to LPI as a nonregulated venture.[4] As approved by the Commission in both 1995 and 2020, the current accounting and rate treatment for this venture requires that Company shareholders make the necessary investment and assume all business risks associated with the operations. Ratepayers are not responsible for any risks associated with supplying steam to LPI and do not incur any increased costs. Costs associated with constructing and maintaining the Steam Supply System are segregated from the utility rate base for ratemaking purposes. All operating and maintenance expenses and revenue are recorded in nonutility operating accounts.

There is regular oversight of the current accounting and rate treatment. Per the Commission's 2020 order,[5] the Company has provided testimony in its rate filings outlining the services provided to LPI and demonstrating the reasonableness of the Company's proposed cost allocations to the LPI steam sales, and also reported annually all the services, associated costs, and cost assignments between the utility and the affiliate interest which is providing steam services to LPI in its filings under Minnesota Rule 7825.2200.

C. The Sherco Hydrogen Pilot

As part of its NGIA Plan submitted in December, 2023,[6] the Company proposed a hydrogen pilot at Sherco. In this pilot, the Company plans to create green hydrogen using an electrolyzer powered by renewable energy and hopes to learn how to optimize electrolyzer operations to produce hydrogen solely using clean energy. A small amount of hydrogen (up to 10 percent) will be blended with natural gas to provide fuel to the auxiliary steam boiler located at the Sherco site. This boiler system is used to supply steam for coal unit start-up, heating for the Sherco building, and steam for LPI. The hydrogen is not an end-use fuel that will be used directly by LPI.

---

[3] February 14, 1995 ORDER APPROVING ACCOUNTING PROCEDURES in Docket No. E002/M-93-1253 (1995 Order); February 21, 2020 ORDER in Docket No. E002/M-19-663 (2020 Order).

[4] As part of the initial proceeding in 1993, the Department of Commerce (Department) argued that the Company should be required to make a separate affiliate interest filing under Minn. Stat. § 216B.48 and a property transfer filing under Minn. Stat. § 216B.50. The Commission declined such a requirement, finding "that [the Company] properly submitted its petition for approval under Minn. Stat. §§ 216B.05 and 216B.10. The proposal fulfills the statutory filing and accounting requirements and sufficiently protects ratepayers' interests." 1995 Order at 3.

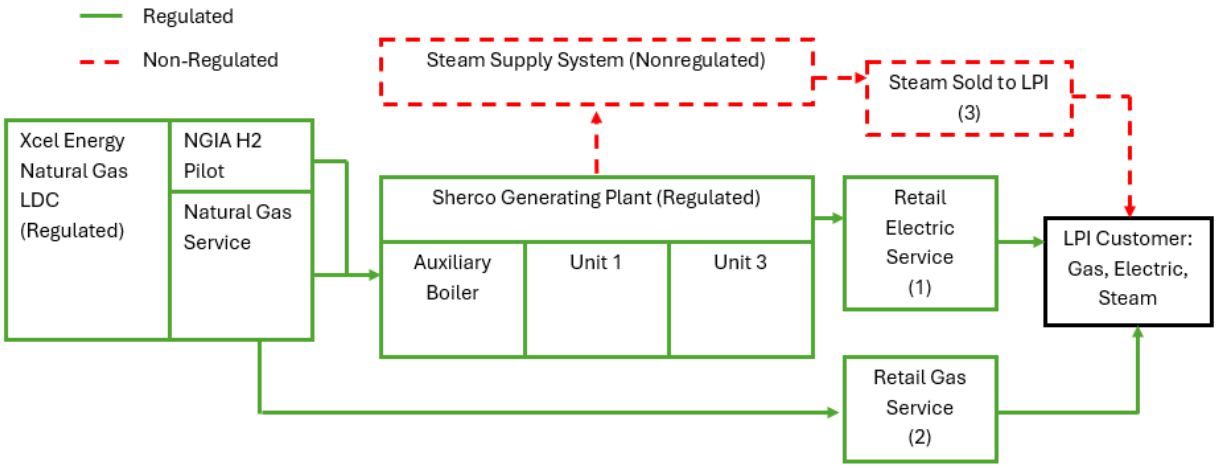
[5] 2020 Order at 1.

[6] In Docket Nos. G002/M-23-518 & G999/CI-21-566.

II. THE HYDROGEN PILOT DOES NOT REQUIRE ANY CHANGE TO THE AFFILATE INTEREST ARRANGEMENT

At the Sherco site, the Company operates two different regulated services and one nonregulated service. As depicted in the diagram below, the Company operates: (1) an electric generation plant which includes an auxiliary boiler and two steam units that either support or provide electric generation for retail electric customers, (2) a natural gas local distribution company (LDC) that provides retail natural gas services to customers, and (3) a Steam Supply System operated as a nonregulated affiliate venture that includes all infrastructure and operating costs associated with serving LPI steam. The hydrogen pilot will blend hydrogen with natural gas to provide fuel to the auxiliary steam boiler located at the Sherco site.

Figure 1
Flow Chart of Regulated and Nonregulated Operations



This Steam Supply System is subject to the Commission-approved Current Steam Agreement with LPI and the Commission-approved affiliate accounting and rate treatment.[7] As described below, the affiliate arrangement protects ratepayers from financial risks associated with the Steam Supply System and ensures that the nonregulated venture compensates the regulated utility for any costs the regulated utility incurs as a result of nonregulated operations undertaken to fulfill the terms of the Steam Agreement.

[7] *See* 1995 Order at 3 ("The proposal fulfills the statutory filing and accounting requirements and sufficiently protects ratepayer's interests.").

A. Under the Existing Treatment, Ratepayers Are Not Responsible for Any Fuel Costs of the Steam Supply System

As indicated above, under the current and approved accounting treatment, ratepayers are not responsible for any costs or risks associated with supplying steam to LPI and do not incur any increased costs. Costs associated with constructing and maintaining the Steam Supply System are segregated from the utility rate base for ratemaking purposes. All operating and maintenance expenses and revenue are recorded in nonutility operating accounts.

Ratepayers are also not responsible for any fuel costs incurred as a result of the Steam Supply System, regardless of fuel type. All fuel costs for the auxiliary steam boiler are allocated based on the usage of the auxiliary boiler each month. For example, if the auxiliary boiler is used to support generating operations of the Sherco Units 1 and 3 (i.e., regulated services), then those fuel costs will flow through the fuel adjustment clause and will be appropriately recovered from electricity customers. However, if the auxiliary boiler is used to support the Steam Supply System (i.e., nonregulated service), the fuel costs are allocated to the nonregulated entity. All fuel-related costs associated with supporting steam sales are recorded under FERC 417.1, which covers expenses for non-utility operations. This accounting method ensures that neither electric nor gas ratepayers are responsible for any fuel costs directly related to the Steam Supply System, regardless of whether the fuel is coal, natural gas, fuel oil and, as modified here, hydrogen.

The Company has included revenues and costs associated with the auxiliary boiler operation in its recently settled gas rate case (Docket No. G002/GR-23-413). Like any other customer taking natural gas service from the Company's LDC, we included a natural gas sales forecast for the auxiliary boiler in the test year. We also included costs to serve natural gas to the auxiliary boiler, and revenues related to customer charge, distribution charge, and rider charges. Any incremental revenues or costs associated with the Steam Supply System were not included in that case.

B. The Regulated Utility Will Continue to Be Made Whole

As part of the currently approved accounting treatment, the regulated utility incurs certain costs to support the nonregulated Steam Supply System, and the nonregulated venture reimburses the regulated utility for those costs. That will remain true with the

addition of hydrogen to the auxiliary boiler fuel mix. Hydrogen will be priced at the cost equivalent to natural gas as compensation to the regulated natural gas utility for any hydrogen fuel used to support the Steam Supply System. All costs and revenues directly associated with the auxiliary boiler's support of the Steam Supply System are already tracked and reported via the Company's annual affiliate compliance filing.[8] For additional transparency into the hydrogen costs, the Company is willing to include all fuel related cost information by fuel source as separate line items, as set forth below (additions highlighted).
