MINNESOTA
PUBLIC UTILITIES COMMISSION

Mike Bull, Acting Executive Secretary

NOTICE OF NEGATIVE CHECK-OFF PERIOD

Issued: July 24, 2025

In the Matter of Northern States Power d/b/a Xcel Energy's Natural Gas Innovation Plan

PUC Docket Number: G-002/M-23-518

Comment Period: Negative check-off period closes August 14, 2025 at 4:30pm

Comments received after the close of the comment period may or may not be considered by the Commission.

Issue: Are there objections to Xcel's newly proposed pilot projects, which were proposed by the Company in response to Order Paragraph 18 of the Commission's May 16, 2025 Order?

Background:

On May 16, 2025, the Minnesota Public Utilities Commission approved Xcel's 2023 Natural Gas Innovation Plan. Minnesota's Natural Gas Innovation Act (the NGIA) permits the state's natural gas utilities to file these voluntary innovation plans with the Commission to explore the development or provision of innovative resources that will contribute to achieving the state's greenhouse gas and renewable energy goals. Xcel's approved innovation plan has a budget of $55,380,000 spread across 14 pilot projects and a number of research and development projects.

When approving Xcel's Innovation Plan, the Commission made modifications that reduced the budget of Xcel's plan by $6,660,699. Rather than reducing the size of Xcel's NGIA plan, the Commission required Xcel to reallocate these funds into additional pilot projects. Specifically, the Commission Required Xcel to propose:

1. A strategic electrification, building envelope, energy efficiency and/or deep weatherization pilot for low-income customers in Xcel's gas service territory with a budget of $4,660,699; and
2. A pilot for commercial customers using air-source heat pumps and thermal energy storage with a budget of up to $2,000,000.

On July 15, 2025 Xcel filed its proposed pilots:

1. The Income-Qualified (IQ) Strategic Electrification Pilot: Intended to study the challenges associated with electrifying income-qualified customers with hydronic heating.[1] In this instance, "low-income" households are defined consistent with the definition used in the ECO statute.[2] The pilot attempts to achieve strategic electrification with natural gas backup for approximately 90% income-qualified customer homes with hydronic heating, with a goal of reducing energy costs for these customers. Xcel will pay the full up-front costs of all measures. Some customers may require equipment that can provide both heating and cooling – in the event that they previously had no or limited air conditioning – which may lead to increased summer electricity bills. Xcel stated that to reduce energy consumption year round, the Company will provide weatherization and air sealing.

2. The Commercial Air Source Heat Pump & Thermal Energy Storage Pilot: Intended to investigate the challenges, barriers, and impacts of electrifying natural gas heating loads within a commercial building in addition to coupling thermal storage to aid in demand management. This pilot will include three to five commercial buildings and will target boiler systems in the 30 to 120 ton capacity rage which includes medium-sized offices, multi-family buildings, schools, and the hospitality industry.

Should any party file an objection within 30 days of Xcel's filing, Commission staff will solicit additional comments to consider the merits of the newly proposed pilots. If no party files an objection during this 30-day window, Commission staff will issue a notice approving the pilots.

In addition to the above-mentioned negative check-off period, the Commission required several additional negative check-off periods with the approval of Xcel's NGIA plan. All negative check-off periods are tracked below.

List of On-going Negative Check-off Periods

Within 60 Days of the Commission's Order:

- Xcel will file two new pilot projects (described above) with a total combined budget of $6,660,699. Should no party file opposition to these newly filed pilot projects within 30 days of Xcel's filing, the pilots will be approved. Should any party raise contested issues during the 30-day period, the Commission will solicit comments to consider the merits of the new pilots.

Closes on August 14, 2025.

[1] Hydronic heating refers to a system that that uses hot water to heat space rather than air. A boiler is used to heat water, and then that water is circulated through pipes to heat emitters such as radiators or radiant floor systems.
[2] Minn. Stat. §216B.2402: A household whose income is 80 percent or less of the area median household income (AMI) for the geographic area in which the low-income household is located as calculated by the United States Department of Housing and Urban Development.

Within 30 Days of the Commission's Order:

- Xcel will file a revised budget with correct assumptions of the Production Tax Credit. The Commission will issue a notice of comment period, which will serve as a negative check-off process. The filing will be approved if no party objects within 60 days of Xcel's filing.[3]

Closes on August 19, 2025.

- Xcel will file a compliance filing with updated cost-effectiveness objectives. Should no party file opposition to these updated objectives within 30 days of Xcel's compliance filing, the proposed cost-effectiveness objectives will take effect. Should any party raise contested issues during the 30-day period, the Commission will solicit comments and address the matter at an agenda meeting.[4]

Closes on July 17, 2025 [**CLOSED**]

- Xcel must file proposed reporting requirements for its NGIA plan's annual status reports. Should no party file opposition to the proposal within 30 days of Xcel's filing, the reporting requirements will be approved. Should any party object within the 30-day period, the Commission will solicit comments and address the matter at an agenda meeting.[5]

Closes on July 17, 2025 [**CLOSED**]

- Xcel must file an explanation detailing the steps it has taken and will take to mitigate the risk of a stranded asset for its Sherco 5MW pilot, and how it would propose to manage cost recovery for the asset if the associated industrial customer were to withdraw before Xcel had fully recovered the asset's costs.[6] Should no party raise an objection to Xcel's proposal within 60 days of the filing, the Executive Secretary may approve the filing and Xcel may proceed with the pilot.[7]

Closes on August 15, 2025

Filing Requirements: Utilities, telecommunications carriers, official parties, and state agencies are **required** to efile documents using the Commission's electronic filing system (eFiling). All parties,
