**STATE OF MINNESOTA
BEFORE THE
MINNESOTA PUBLIC UTILITIES COMMISSION**

Docket No. _____

**In the Matter of a Petition for Approval of an
Agreement for Confirmation and Realignment
of Electric Service Area Between Federated
Rural Electric Association and Nobles
Cooperative Electric**

**JOINT PETITION OF
FEDERATED RURAL ELECTRIC
ASSOCIATION AND
NOBLES COOPERATIVE ELECTRIC**

I. INTRODUCTION

Federated Rural Electric Association (“Federated”) and Nobles Cooperative Electric (“Nobles”) hereby petition the Minnesota Public Utilities Commission (the “Commission”) for approval of an AGREEMENT FOR CONFIRMATION AND REALIGNMENT OF ELECTRIC SERVICE TERRITORY to make changes to the boundaries of the assigned service areas of each electric utility.

II. BACKGROUND

Federated and Nobles are cooperative associations duly organized and existing under the laws of Minnesota. Each owns and operates a system for distribution of electric energy within an assigned service area, and each is a member of Southern Minnesota Energy Cooperative.

Nobles recently acquired from Southern Minnesota Energy Cooperative the right to serve customers in Kinbrae, Minnesota. However, Nobles does not have facilities in place necessary to serve customers in Kinbrae, Minnesota, and in the other parts of sections 2 and 11, Graham Township, Nobles County, Minnesota (the “Kinbrae ASA”). Federated does have facilities in place necessary to serve customers in the Kinbrae ASA. Consequently, Nobles must either [i] construct approximately 4.5 miles of three phase line in order to serve customers in the Kinbrae ASA, or [ii] pay to Federated a wheeling fee to serve those customers. Nobles and Federated

have negotiated and executed an AGREEMENT FOR CONFIRMATION AND REALIGNMENT OF ELECTRIC SERVICE TERRITORY to assign to Federated all of Nobles' [a] rights to serve customers in the Kinbrae ASA, and [b] right, title, interest and equity in and to all elements of the system for distribution of electric energy in the Kinbrae ASA.

III. SERVICE AREA EXTENSION AGREEMENTS CHECKLIST

In compliance with the Commission's recent orders and procedures for service area adjustments, Federated and Nobles have included herein the Commission's CHECKLIST FOR CONTENT OF AGREED UPON SERVICE AREA EXTENSION AGREEMENTS.

IV. PETITION FOR CHANGE IN ASSIGNED SERVICE AREA

Federated and Nobles jointly petition for approval of the changes to assigned service area described in their AGREEMENT FOR CONFIRMATION AND REALIGNMENT OF ELECTRIC SERVICE TERRITORY and on the service area map submitted with this petition.

Minn. Stat. § 216B.39, Subd. 3, provides in relevant part:

... the commission may on its own or at the request of an electric utility make changes in the boundaries of the assigned service areas, but only after notice and hearing as provided for in sections 216B.17 and 216B.18.

Minn. Stat. § 216B.39, Subd. 4, provides in part:

The commission shall approve a contract if it finds that the contract will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected, and will promote the efficient and economical use and development of the electric systems of the contracting electric utilities.

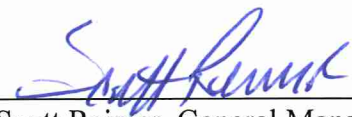

As related above, Federated has – and Nobles does not have – facilities in place to serve customers in the Kinbrae ASA. To serve those customers Nobles must either construct approximately 4.5 miles of three phase line in order to serve those customers or continue to pay to Federated wheeling fees. Approval and implementation of the agreement negotiated and executed by Federated and Nobles will avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected, will provide adequate compensation to Nobles for transfer of the Kinbrae ASA, and will promote the efficient and economical use and development of the electric systems of the contracting electric utilities.

V. CONCLUSION

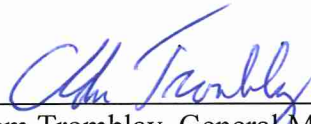

Federated and Nobles respectfully request that the Commission enter its order approving of the AGREEMENT FOR CONFIRMATION AND REALIGNMENT OF ELECTRIC SERVICE TERRITORY and of the proposed Map submitted with this petition.

Dated: May 26, 2016.

RE: Joint Letter Requesting Permanent Boundary Change of Assigned Service Area

Greetings.

Federated Rural Electric Association ("Federated") and Nobles Cooperative Electric ("Nobles") are filing jointly for a service area extension and permanent boundary change. Federated and Nobles have agreed that the service area in and in close proximity to the town of Kinbrae, Minnesota, should be assigned from Nobles to Federated. The Kinbrae service area was recently acquired from Interstate Power and Light Company (a/k/a Alliant) by Southern Minnesota Energy Cooperative (of which both Federated and Nobles are members) and was subsequently assigned to Nobles. Nobles currently serves the 21 customers in the Kinbrae service area; such service is from and through a substation owned and operated by Federated; and Nobles pays wheeling fees to Federated.

Please note the following.

2. The **legal description** of the property in question is as follows:

All of Section Two (2) and Section Eleven (11) in Graham Township, Nobles County, Minnesota, not already included in Federated's assigned service area.

3. **The agreement is consistent with Minn. Stat. §216B.39.** As related above, Nobles presently serves customers in the subject area through a substation

owned and operated by Federated and pays wheeling fees to Federated. To avoid wheeling fees without the contemplated assignment of the subject service area to Federated, Nobles must build approximately 4 miles of three phase line. Federated already has facilities in place -- and is now ready, willing and able -- to serve those customers, and assigning that service area from Nobles to Federated will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected, and will promote the efficient and economical use and development of the electric systems of the contracting electric utilities.

4. Nobles and Federated have agreed upon a **permanent boundary change**, rather than service by exception.
5. A **settlement agreement**, entitled "AGREEMENT FOR CONFIRMATION AND REALIGNMENT OF ELECTRIC SERVICE TERRITORY" and signed by authorized representatives of both utilities, is submitted with this joint letter.
6. Digital (PDF) and paper **maps** depicting Nobles assigned service area, Federated's assigned service area, and the subject service area are submitted with this joint letter.
7. **GIS data** (shapefile with defined projection) is being e-mailed to MNGeo and Commission staff after documentation is e-filed.
8. **Customers** affected by this change have been provided with written notice of the proposed change of assigned service area, including a copy of this petition and contact information for Federated, Nobles and the Commission. A copy of the letter with which such notice was served is attached hereto as "**EXHIBIT B**".

Address

RE: Joint Letter Notifying Members of Kinbrae, Minnesota, of Service Provider Change

Greetings:

Nobles Cooperative Electric (Nobles) and Federated Rural Electric Association (Federated) have agreed that the service area in and in close proximity to the town of Kinbrae, Minnesota, should be assigned from Nobles to Federated. Nobles currently serves the 21 members in the Kinbrae service area; such service is from and through a substation owned and operated by Federated.
