RE: Conservation Improvement Program Request for Cost Recovery
Docket No. G022/M-16-494

Dear Mr. Wolf:

In its Reply Comments submitted on September 9, 2016 in the above-referenced docket, Greater Minnesota Gas, Inc. ("GMG") indicated that it would submit final proposed customer notification language after the language was approved by the Commission's Consumer Affairs Office ("CAO"). GMG worked with the CAO to incorporate its suggested changes into the proposed language and has received CAO's approval of the final draft. Hence, GMG proposes that its customer notification of the CCRA be incorporated into a bill insert that reads as follows:

Effective January 1, 2017, your bill will include a Conservation Cost Recovery Adjustment (CCRA). The Minnesota Public Utilities Commission approved the CCRA on _____, 2016. The CCRA is necessary and allowed by law to fund the state-mandated Conservation Improvement Program. The CCRA is \$0.018 per therm, or \$0.18 per dekatherm, of natural gas that you use. If you have questions, please contact us at 1-888-931-3411 or www.greatermngas.com. Thank you.

The message would be included in the first round of billing following issuance of the Commission's Order approving GMG's petition for CIP cost recovery.

All individuals identified on the official service list have been electronically served with a copy of this letter. Thank you for your assistance. Please do not hesitate to contact me should you have any questions or concerns or if you require additional information. My direct dial number is (507) 665-8657 and my email address is kanderson@greatermngas.com.

Sincerely,

GREATER MINNESOTA GAS, INC.
