PETITION FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER

Roseau Electric Cooperative, Inc. ("ROSEAU") hereby petitions the Minnesota Public Utilities Commission for designation as an ETC for the purpose of receiving support for service provided pursuant to the federal Lifeline program and for compliance with FCC regulations for receipt of Connect America Fund Phase II (CAF II) funding for areas in which ROSEAU has been designated as a winning bidder in Auction 903.

- B. The name and title of the officer or representative of ROSEAU authorizing this petition is Tracey Stoll, whose signature appears at the end of this petition.
- C. The proposed effective date of designation of eligibility to receive Universal Service Support is immediately upon the Commission's issuance of an Order approving this Petition.
- D. The service area for which designation is sought, the local exchange carrier and whether the local exchange carrier is a rural telephone company is set forth following:
 - 1. The service area for which ROSEAU requests designation as an ETC: CenturyTel of MN Exchanges: Roseau, Warroad

A map of the Proposed Service Area, and a map and list of the Census Blocks in which ROSEAU has committed to provide broadband and voice service is attached as Exhibit 1.

- 2. ROSEAU believes this ILEC is not a rural carrier as defined under 47 USC § 153(44).
- E. ROSEAU's Petition for designation as an ETC for the Service Area is consistent with the public interest, convenience and necessity, and satisfies the requirements for receiving universal service support under state and federal law, for the following reasons:

ROSEAU POSSESSES THE INTENT AND CAPABILITY OF PROVIDING SERVICE UPON REASONABLE CUSTOMER REQUEST THROUGHOUT THE SERVICE AREA

- 1. <u>ROSEAU's Regulatory Authority</u> ROSEAU is a power cooperative serving approximately 6,400 customers in Roseau, Marshall, Beltrami and Lake of the Woods Counties in northern Minnesota. Roseau's application for facility based and resale telecommunications authority is currently pending Commission review.
- 2. ROSEAU's Facilities and Commitment to Serve ROSEAU will provide broadband and voice telephone using fiber-optic facilities. ROSEAU has committed to provide service to all customers in areas associated with CAF II funding. It will also provide service in additional areas at its discretion and to customers making a reasonable request for service. ROSEAU certifies that it will: (a) provide service on a timely basis to requesting customers within the Service Area where ROSEAU's network buildout is required for CAF II funding; and (b) provide service within a reasonable period of time, if the potential customer is within the Service Area but not passed by ROSEAU's current network facilities, if service can be provided at reasonable cost by constructing network facilities.
- 3. <u>ROSEAU's Basic Universal Service Offering</u> ROSEAU will provide voice telephony in the Service Area. The services ROSEAU offers meet the Basic Local Service requirements under <u>Minn. Rule 7812.0600</u>. ROSEAU has the ability and the intention to provide the voice telephony services required by <u>47 CFR § 54.101(a)</u>¹:
 - Voice grade access to the public switched network or its functional equivalent;
 - Minutes of use for local service provided at no additional charge to end users;
 - Access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911
 - Toll limitation for qualifying low-income consumers²

The Lifeline service offering will be made available throughout the Service Area upon its designation as an ETC. ROSEAU's tariffs address customer eligibility provisions and the availability of subsidies under the Lifeline program³ and the

Minnesota Telephone Assistance Plan⁴. The proposed sections of ROSEAU's tariff are attached as Exhibit 2. ROSEAU is committed to providing the supported services throughout the Service Area to customers who make a request for such services. The local usage plans offered are comparable to those offered by the incumbent local exchange carriers. ROSEAU's local calling scope will mirror those of the ILECs and any mandatory Extended Area Service calling as part of the basic local service offering.

- 4. ROSEAU's Advertising Plan ROSEAU currently communicates with its members customers via a monthly newsletter as its primary communications channel. It also advertises services through several different channels of general distribution, including newspaper, and direct mail. ROSEAU will advertise the availability of its universal service telecommunications offering throughout the Service Area through these same advertising channels it currently employs. In addition, the availability of the offering throughout the Service Area will be listed continuously on ROSEAU's web site: https://www.roseauelectric.coop/. The service offering will also be published at least annually in the local newspaper and will be posted at the ROSEAU office in Roseau, MN.
- 5. ROSEAU's 5-Year Plan for Use of Universal Service Support Under the FCC's rules associated with CAF II, ROSEAU will receive federal high cost support in exchange for its commitment to build out and provide service in 90 Census Blocks within the Service Area. ROSEAU would receive Lifeline support to the extent it serves customers eligible for that program.
- 6. <u>ROSEAU's Ability to Remain Functional in Emergency Situations</u>. ROSEAU's network will remain functional in emergency situations:

Commercial power outage: The central office serving ROSEAU's customers is equipped with electrical generators and battery power supply to provide service in the event of a commercial power outage.

Network failure: The interoffice facilities serving the Service Area are on a diverse routed fiber optic ring, which if cut will be automatically rerouted.

ROSEAU will comply with the Commission's Rules in <u>Chapter 7810</u> establishing minimum standards on various operational matters, such as 7810.3900 (Emergency Operations); 7810.4900 (Adequacy of Service); and 7810.5300 (Dial Service Requirements).

 - Deposit and guarantee requirements⁵
 - Customer Billing⁶
 - Appropriate handling of customer complaints and billing disputes⁷
 - Disconnection and notice requirements⁸

The specific provisions in ROSEAU's tariff, as well as the Commission's service quality rules by which ROSEAU is bound, will apply throughout the Service Area and assure a high level of service quality and consumer protection.

8. <u>ROSEAU's Acknowledgement Regarding Equal Access</u> – ROSEAU will provide equal access to long distance carriers within the Service Area.

DESIGNATING ROSEAU AS AN ETC IN THE SERVICE AREA WILL SERVE THE PUBLIC INTEREST

- 9. Public Interest Designation of ROSEAU as an additional ETC in the Service Area is in the public interest, as determined under the standards of 47 CFR § 54.202(c) and the Commission's Order issued October 31, 2005, in Docket No. P999/M-05-1169. Consumers will benefit from an increased choice in service providers, and there are unique advantages to ROSEAU's service offering.
- 10. <u>Superior Service Offering</u> ROSEAU believes its service offerings are superior to that received by the ILECs' customers in the Service Area. ROSEAU plans to place fiber to the home, offering a technically superior network to that of the current ILEC.
 - ROSEAU believes customers will additionally benefit from choosing a locally owned and based provider which has demonstrated its commitment to, and success in, responding to the service needs of its residents.
- 11. <u>Affordability</u> The local exchange services offered to ROSEAU's customers for universal service offerings are within the range of the ILEC's tariffed rates in the Service Area. ROSEAU's basic service offerings rates will be identified in its Local Exchange Services⁹ tariff.

CONCLUSION

16. ROSEAU meets the requirements of both state and federal laws and regulations for designation as an Eligible Telecommunications Carrier in the requested Service Area. Pursuant to 47 USC § 214(e), the Commission should designate ROSEAU as an Eligible Telecommunications Carrier for the Service Area. In so doing, the Commission will ensure that consumers in the Service Area have an opportunity to secure better and more reliable service at a rate equal to or less than that which they are currently paying. The consumers in the Service Area will benefit and the public interest will be served if ROSEAU's Petition is approved and it is designated as an ETC.

Wherefore, ROSEAU respectfully requests that the Commission:

- A. Designate Roseau Electric Cooperative, Inc as an ETC for receipt of CAF II and Lifeline service support with respect to the Service Areas specified in this Petition;
- B. For such other and further relief as the Commission may deem just and reasonable.

GENERAL REGULATIONS

9. CREDIT POLICY

A. Deposit and Guarantee Requirements

The Company may require a deposit or guarantee of payment from any customer or applicant who has not established good credit with the Company. Deposit or guarantee of payment requirements as prescribed by the Company must be based upon standards which bear a reasonable relationship to the assurance of payment. The Company may determine whether a customer has established good credit with the Company, except as herein restricted:

- A customer, who within the last 12 months has not had his service disconnected for nonpayment of a bill and has not been liable for disconnection of service for nonpayment of a bill, and the bill is not in dispute, shall be deemed to have established good credit.
- 2) A Company shall not require a deposit or a guarantee of payment based upon income, home ownership, residential location, employment tenure, nature of occupation, race, color, creed, sex, marital status, age, national origin, or any other criteria which does not bear a reasonable relationship to the assurance of payment or which is not authorized by this chapter.
- 3) The Company shall not use any credit reports other than those reflecting the purchase of utility services to determine the adequacy of a customer's credit history without the permission in writing of the customer. Any credit history so used shall be mailed to the customer in order to provide the customer an opportunity to review the data. Refusal of a customer to permit use of a credit rating or credit service other than that of a Company shall not affect the determination by the Company as to that customer's credit history.
- 4) Qualifying applicants for Lifeline Service may initiate service without paying a deposit if they voluntarily elect to have Toll Blocking on their line. Toll Blocking will be provided at no charge to Lifeline customers.

B. Deposit

When required, a customer may assure payment by submitting a deposit. A deposit shall not exceed an estimated two months' gross bill or existing two months' bill where applicable. All deposits shall be in addition to payment of an outstanding bill or a part of such bill as has been resolved to the satisfaction of the Company, except where such bill has been discharged in bankruptcy. A Company shall not require a deposit or a guarantee of payment without explaining in writing why that deposit or guarantee is being required and under what conditions, if any, the deposit will be diminished upon return. The deposit shall be refunded to the customer after 12 consecutive months of prompt payment of all bills to that Company. The Company may, at its option, refund the deposit by direct payment or as a credit on the bill. With notice any deposit of a customer shall be applied by the Company to a bill when the bill has been determined by the Company to be delinquent. Each Company shall issue a written receipt of deposit to each customer from whom a deposit is received and shall provide a means whereby a depositor may establish a claim if the receipt is unavailable.

B. Deposit (Continued)

Interest shall be paid on deposits in excess of \$20 at the rate set by the Commissioner of the Department of Commerce as required by Minnesota Statute 325E.02. The interest rate may be found on the Department of Commerce website at www.commerce.state.mn.us. Interest on deposits shall be payable from the date of deposit to the date of refund or disconnection. The Company may, at its option, pay the interest at intervals it chooses but at least annually, by direct payment, or as a credit on bills.

Upon termination of service, the deposit with accrued interest shall be credited to the final bill and the balance shall be returned within 45 days to the customer.

C. Guarantee of Payment

The Company may accept, in lieu of deposit, a contract signed by a guarantor satisfactory to the Company whereby payment of a specified sum, not exceeding the deposit requirement is guaranteed. The term of such contract shall be for no longer than 12 months, but shall automatically terminate after the customer has closed and paid the account with the Company, or at the guarantor's request upon 60 days' written notice to the Company. Upon termination of a guarantee contract or whenever the Company deems same insufficient as to amount or surety, a cash deposit or a new or additional guarantee may be required for good cause upon reasonable written notice to the customer.

The service of any customer who fails to comply with these requirements may be disconnected upon notice as prescribed in Minnesota Rules. The Company shall mail the guarantor copies of all disconnect notices sent to the customer whose account he has guaranteed unless the guarantor waives such notice in writing.

10. CUSTOMER BILLING

- A. Regular bills will be issued periodically (monthly, quarterly). For billing purposes each month is presumed to have thirty days.
- B. Special bills for long distance telecommunications service may be issued at any time when charges are unusually high and the Company is uncertain as to the customer's ability to pay such charges.
- C. Services which are charged for at monthly rates are billed in advance for one month's service.
- D. Services which are charged for at other than monthly rates are billed in arrears, except when payment for messages is made by cash deposit in the coin telephone.
- E. Detail call information, such as the time at which made, duration and destination may be provided for long distance telecommunications message service.
- F. Retroactive billing adjustments will not be made for a period exceeding three years.
