Re: In the Matter of a Request by Minnesota Power for Revisions and
New Rider for Large Power Class Annual Compliance Filing
Docket Nos. E015/GR-16-664 and E015/M-19-_____

Dear Mr. Wolf:

Pursuant to the Commission's Order dated March 12, 2018 in the above-referenced Docket, Minnesota Power must submit an annual compliance filing for the Business Development Incentive Rider. Minnesota Power is required to identify the number of customers receiving service under this Rider and the associated incremental additional revenues received by the Company and the incremental additional costs incurred by the Company.

At this time Minnesota Power has one customer, Nordic Metals that has executed an Electric Service Agreement, which was filed on April 29, 2019 in docket E015/GR-16-664. Nordic Metals is not currently receiving service under this Rider.

Please contact me at the number above if you have any questions related to this matter.

Yours truly,

David R. Moeller
