RE: SUPPLEMENTAL FILING
2018 ANNUAL AUTOMATIC ADJUSTMENT OF CHARGES REPORT – ELECTRIC
DOCKET NO. E999/AA-18-373

Dear Mr. Wolf:

Northern States Power Company, doing business as Xcel Energy, submits this supplemental information to the Minnesota Public Utilities Commission in the above referenced docket. Specifically, we are submitting updated information relative to our wholesale and retail generation costs for the month of August 2018 for our electric utility operation and additional information about the Hennepin Energy Recovery Center (HERC) PPA.

Wholesale and Retail Generation Costs

On June 15, 2001, in Docket E002/CI-00-415, the Commission ordered the Company to “provide with its annual fuel clause report a monthly comparison of generation costs allocated to retail and wholesale for the months of June, July and August.” On August 31, 2018, Xcel Energy filed its electric Annual Automatic Adjustment Report in the present docket. In Part H, Section 2, Schedule 1 of the 2018 AAA Report, the Company provided information relative to the Commission’s June 15, 2001 Order. However, at the time of our 2018 AAA Report filing, the

PUBLIC DOCUMENT
NOT PUBLIC DATA HAS BEEN EXCISED

information for August 2018 was not yet available. Therefore, we are now providing an updated Part H, Section 2, Schedule 1.¹

The August 2018 retail allocation of generation costs of **[PROTECTED DATA BEGINS PROTECTED DATA ENDS]** was lower than the **[PROTECTED DATA BEGINS PROTECTED DATA ENDS]** wholesale allocation. Please see the attached Part H, Section 2, Schedule 1 for further details.

HERC PPA

As noted in our August 31, 2018 AAA report, we made a commitment in a February 1, 2018 letter in Docket No. E002/M-17-532 to provide additional supporting information about the interim costs associated with the HERC PPA. These costs impact the second half of the 2017-2018 AAA reporting period.

By way of background, the NSP-HERC PPA dated August 1, 1986, as amended, provides that HERC may offer the output of the plant to NSP for an additional seven years (January 1, 2018-December 31, 2024) at its fair market value to NSP at the time it is offered. The Commission's December 28, 2017 Order in Docket No. E002/M-17-532 did not approve certain prices negotiated by the parties. Pursuant to the PPA, in May 2018 HERC notified NSP that it desires to arbitrate the pricing for the seven-year extension term (Extension Term).

Pending resolution of permanent pricing for the Extension Term, the parties entered into an interim agreement (Interim Agreement) in which NSP will purchase HERC's energy during 2018 at the day-ahead MISO Locational Marginal Price (LMP) at the NSP.ALDRIHERC node as adjusted for any applicable MISO market charges and real time settlement differences. The pricing under the Interim Agreement is subject to retroactive adjustment upon approval by the Commission of permanent pricing for the Extension Term.

Since NSP and HERC currently expect that arbitration will not conclude prior to the current termination date for the existing interim agreement, HERC and NSP are in the process of negotiating an agreement to extend the Interim Agreement through December 31, 2019.

¹ The 2017-18 AAA fiscal year is July 2017 to June 2018, so the August (and July) 2018 generation fuel costs discussed here will not be reflected in the Company's electric AAA report until the next AAA report is filed.

**PUBLIC DOCUMENT
NOT PUBLIC DATA HAS BEEN EXCISED**

Attachment A to this supplement shows the production and invoiced amounts under the interim HERC agreement for the second half of the 2017-2018 AAA period (January through June 2018). As shown in Attachment A, the total cost paid during this period was \$2,530,393, which is an average cost of \$25.37/MWh. Attachment B contains the January through June 2018 invoices showing the LMP data and MWh generated on which the total cost paid was based. As demonstrated by the detail in Attachment B, the current rate charged for the HERC PPA is priced at the LMP, thus fully protecting customers.

We will supplement this docket further when parties agree to terms to extend the Interim Agreement and upon conclusion of arbitration.

The Company has designated the enclosed data as not public information, pursuant to Minn. Stat. § 13.37. Xcel Energy maintains the confidentiality of this data, which has independent economic value from not being generally known or accessible by proper means by others who could obtain economic value from its use or disclosure. As such, this data is protected from public disclosure and has been marked accordingly.

Pursuant to Minn. Stat. § 216.17, subd. 3, we have electronically filed this document, and copies have been served on the parties on the attached service list.

Please contact me at lisa.r.peterson@xcelenergy.com (612) 330-7681 or Rebecca Eilers at rebecca.d.eilers@xcelenergy.com or (612) 330-5570 if you have any questions regarding this matter.

Sincerely,

/s/

LISA R. PETERSON
