RE: URGENT – Request for Extension for Comment on Site Permit Amendments
**In the Matter of the Application of Freeborn Wind Energy, LLC for a Large
Wind Energy Conversion System Site Permit for the 84 MW Freeborn Wind
Farm in Freeborn County**
PUC Docket: IP-6946/WS-17-410

To the Commission:

On behalf of Association of Freeborn County Landowners (AFCL), I make this URGENT request for an extension of time for Comment on the site permit amendment requests pending. The deadline is tomorrow, and I've just received that internet access has been down for two days (this is not uncommon in the project area, but the extended time it has been down is uncommon). At this time, we request an additional 48 hours to file Comments.

Internet access is a problem in the project area – as the Commission is looking at utility infrastructure to stimulate our COVID economy, please do make rural broadband a priority.

Association of Freeborn County Landowners appreciates your consideration of this matter.

Very truly yours,

Carol A. Overland
Attorney at Law
