

In the Matter of the Application of Freeborn Wind Energy LLC for a Large Wind Energy Conversion System Site Permit for the 84-Megawatt Freeborn Wind Farm in Freeborn County.

Docket No. IP6946/WS-17-410

Commissioner Tuma moves to amend decision options as follows:

6. Take some other action deemed appropriate:

Xcel shall supplement its July 2020 Shadow Flicker Management Plan with a detailed plan on providing shadow flicker detection and monitoring systems for properties 337 and 401 to determine the actual flicker impact on the specific residences. Xcel shall work with the landowners and DOC EERA staff to identify appropriate mitigations. One year after operations and post-construction shadow flicker monitoring Xcel shall make a compliance filing providing the flicker impacts to these properties and the mitigations agreed to or offered to the affected landowners.
