Re: In the Matter of a Commission Inquiry into Electric Vehicle Charging and
Infrastructure
Docket No. E-999/CI-17-879

Dear Mr. Seuffert;

In its December 12, 2019 Order in Docket No. E-999/CI-17-879, the Minnesota Public Utilities Commission ("Commission"), directed Minnesota Power to file its anticipated residential electric vehicle charging program proposal within the first half of 2020. By this letter, Minnesota Power seeks an additional month to submit its proposal on or before July 31, 2020.

Minnesota Power requests the additional time as it works through key staffing changes related to this docket. The Company has notified stakeholders at the Office of the Attorney General's Residential Utilities Division, the Department of Commerce's Division of Energy Resources, and Fresh Energy of this delay request.

Please feel free to contact me at (218) 355-3202 or jjpeterson@mnpower.com.

Respectfully,

Jennifer J. Peterson
Manager – Regulatory Strategy & Policy
