

March 30, 2021

Will Seuffert
Executive Secretary
Minnesota Public Utilities Commission
121 7th Place East Suite 350
St. Paul, MN 55101-2147

RE: **Comments of the Minnesota Department of Commerce, Docket No. P999/CI-17-509**

Dear Mr. Seuffert:

Background

On November 20, 2020, the Commission issued an Order Establishing Customer Notice Requirement in Docket No. P999/CI-17-509. The Order required certain customer disclosures for Mobile Wireless Lifeline-Only ETCs. Ordering Paragraph 1 of that Order required a notice to be distributed to new customers within seven (7) days of enrollment in the Lifeline program. The Order stated:

Mobile Wireless Lifeline-Only ETCs shall, within seven days of enrolling a customer in Lifeline, and annually thereafter, distribute a notice to each Minnesota Mobile Wireless Lifeline-Only customer based on the CAO model notice and approved by the Executive Secretary, which contains the following information:

- a. The ETC's name and customer service contact information;
- b. The rights and responsibilities of the Lifeline subscriber;
- c. Contact information for CAO;
- d. A summary of the Lifeline program; and
- e. Other related information, if necessary, including an opportunity to receive this notice in a different format per the customer's choice.

On February 5, 2021, Commission staff hosted a meeting to discuss the content and distribution of customer notices. Mobile Wireless Lifeline-Only ETCs expressed their preference to issue the initial notice within 30 days rather than the required 7 days. It was more cost effective and efficient, they argued, to incorporate the notice into the billing cycle.

On March 3, 2021, the Minnesota Public Utilities Commission (Commission) issued its Notice of Comment Period in the Matter of a Commission Investigation into the Appropriate Notice and Outreach Requirements for Eligible Telecommunications Carriers under 47 USC section 214(e). In its notice, the Commission requested comments on the following issue:

Should the Commission amend Ordering Paragraph 1 of its November 20, 2020 Order to allow Mobile Wireless Lifeline-Only ETCs subject to the Order to distribute the required notice within a month of a new customer enrolling, rather than within seven (7) days?

Department Comments

The purpose of a customer notification process is to provide customers with the information necessary to improve transparency and to make informed decisions on their participation in the Lifeline program. As pointed out by the Minnesota Office of the Attorney General and referenced in the November 20, 2020 Order (page 6) issuance of a standardized notice, within seven days of enrollment, is particularly warranted given that the Lifeline program serves vulnerable populations.

The Commission recognized the value of enabling Lifeline participants to make informed decision, which it stated as follows on page 7 of the Order:

The Commission understands that ETCs generally oppose any additional requirements that may be imposed on them. However, as with all of its decisions, *the Commission must balance any burden on providers against the public interest* in transparency, disclosure, and access to relevant information.

Emphasis added.

The Department has no objection to allowing carriers to issue the initial Lifeline notice to customers within 30 days after enrollment, as long as this change is not found to cause customer harm. If it is learned that allowing a 30 day notification period is having a determinantal effect on customers, the Commission may then determine whether to reconsider the timing of the initial customer notice.
