##### **C. Date of Filing**

The date of this filing is March 22, 2021.

##### **D. Controlling Statute**

Exclusive electric service territories have existed in Minnesota since 1974, and are considered necessary to encourage the development of coordinated statewide electric service, to eliminate or avoid unnecessary duplication of utility facilities, and to promote economical, efficient, and adequate electric service to the public.

Minn. Stat. §216B.37 provides electric utilities the exclusive right to serve customers within an assigned service territory, and Minn. Stat. §216B.40 prohibits the provision of retail electric service by another utility within that assigned service territory, absent written consent.

Minn. Stat. §§216B.37-216B.47 provide the terms and conditions under which a city may extend retail electric service throughout the corporate limits of the city and authorize and permit electric utilities to define and revise their electric service territories by their written consent and agreement. Thus, two parties may agree to modify the boundary between their service territories by requesting Commission approval after notice and hearing under Minn. Stat. §216B.39, or service by exception is consented to under Minn. Stat. §216B.40.

In this circumstance, the land at issue in the Agreement is in Xcel Energy's service territory, but Xcel Energy does not provide service to any customers on that land. Brownton annexed the land and pursuant to Minn. Stat. §216B.44 decided to provide service in the area it had previously annexed. This Agreement is consistent with Minn. Stat. §216B.39 because it avoids the unnecessary duplication of facilities, provides adequate electric service to all areas and customers affected, and promotes the efficient and economical use and development of the electric systems of the contracting electric utilities. The Agreement in this petition includes a permanent boundary change for 2.3 acres of land, agreed to by both parties as shown in the Agreement.

Any information requests in this proceeding should be submitted to Xcel Energy via the Regulatory Records e-mail address above and to the City of Brownton via Mr. Schwarze's e-mail address above.

**VI. Description and Purpose of Filing**

**A. Reasons for the Filing**

The purpose of this filing is to request approval of the permanent boundary change in the Electric Service Territory Agreement between Xcel Energy and the City of Brownton.

**B. Affected Customers and Existing Facilities**

In the Agreement provided in Schedule A, 2.3 acres of land will be permanently transferred from Xcel Energy to the City of Brownton. The transfer of service area will not impact any existing customers.

We customarily file with annexation petitions a letter to the landowner providing them notice of the annexation and that if approved the municipality will serve their parcel. As of the date of this filing, the municipality owns the parcel, so the resulting letter would be a letter from the City of Brownton to itself that it will be providing electric service. Such a letter seems unnecessary. That said, both parties acknowledge that it is possible another entity will own the parcel before the conclusion of this docket. Should that be the case, the Company and City of Brownton will make a filing in this docket updating the Commission and confirming that notice was provided to the new owner.

**C. Attached Documents**

- Schedule A: Electric Service Territory Agreement
- Schedule B: Proposed Hearing Notice

## **CONCLUSION**

For the reasons contained herein, we respectfully request the Commission approve the Agreement between Xcel Energy and the City of Brownton.

C. The laws of the State of Minnesota, namely Minn. Stat. § 216B.37 – 216B.47, provide the terms and conditions under which a municipal utility may extend retail electric service throughout the corporate limits of the city, as well as authorize and permit electric utilities to define and revise their electric service territories by their written consent and agreement.

D. Pursuant to Minn. Stat. § 216B.44 the City may acquire the right to serve an area within its corporate boundaries through Annexation of an Area of Territory. The City Council passed an ordinance to annex a portion of Xcel Energy's service territory within the City's corporate boundaries (the "Transfer Area") located at Section 32 Township 115 Range 29, McLeod County.

E. The Transfer Area reflected in Attachment 1 is located in the assigned electric service area of Xcel Energy, as further described in the map attached hereto as Attachment 1.

F. The Parties have negotiated a mutual settlement in which the City shall hold the exclusive right to provide electric service to the Transfer Area, with appropriate compensation to Xcel Energy, and wish to avoid litigation. The Parties desire to set forth the terms and conditions of their agreement herein.

NOW THEREFORE, in consideration of the promises exchanged herein, the Parties agree as follows:

2. Existing customers. The Parties acknowledge that there are currently no existing customers or facilities of Xcel Energy's located within the Annexed Transfer Area that would be affected by this Agreement.

3. Service to the Transfer Area. The exclusive right and obligation to serve the Transfer Area shall permanently transfer to the City on a date to be mutually agreed upon in writing between Parties (the "Transfer Date") following Commission approval of the Joint Petition referenced in Paragraph 8 below.
4. Compensation. In consideration for the permanent transfer of the right to serve the Transfer Area, the City agrees to pay Xcel Energy annually loss-of-revenues for each service withing the Transfer Area for a ten-year period as provided in paragraph 5 below. The City will also pay to Xcel Energy any integration or refeed costs that may be necessary as compensation for the exclusive right to provide electric service to the Transfer Area.
5. Payments for the Transfer Area: For a period of 10 years to begin on the Transfer Date, the City shall pay Xcel Energy annually a sum equal to \$0.02064 times the kilowatt hours (kWh) consumed by the customer(s) located at each individual service location within the Transfer Area(20.64mills/kWh). The City shall determine the consumption within the Transfer Area using the City's metering records. Subject to Minnesota Statutes, section 13.685, the City shall provide documentation of the actual consumption for the customers in the Transfer Area on an annual basis and as reasonably requested by Xcel Energy. 7. No Precedent. The Parties recognize that this Agreement is the result of negotiations between the Parties and that this Agreement and the Commission's approval of this Agreement does not represent any binding or legal precedent on any party in any other matter.
8. Request for Commission Approval of the Agreement. Upon execution of this Agreement by all Parties, Xcel Energy will prepare a Joint Petition to the Minnesota Public Utilities Commission by the Parties to modify the assigned service territory to reflect the Transfer Area as within the Municipal's assigned service area, along with this Agreement as evidence of the Parties' resolution of compensation.
