**** E999/CI-15-755 All Electric Utilities**

In the Matter of a Commission Inquiry into Fees Charged on Qualifying Facilities.

Is it permissible under Minnesota statutes and rules to impose an additional monthly fee on a qualifying facility interconnected with a public utility?

If an additional fee is permissible, what factors should the Commission consider in determining whether the fee or charge is reasonable?

Should the Commission take any action on the specific fees charged by Minnesota Power, Otter Tail Power, and Xcel Energy? (PUC: **Terwilliger, Rosier**)
